RE: Request for Minor Modification to Existing Wireless Facility –6409/47 CFR § 1.40001 ("6409")
Site Address: 10301 ANGELES ROAD PEYTON, CO 80831
Prior Case No.: N/A
AT&T Project No.: COL02090 Meridian & Rex Road / LTE 3C, 5G - 10099189

Dear Planning and Zoning/Building Division:

On behalf of New Cingular Wireless PCS, LLC ("**AT&T**") we are pleased to submit this request to modify AT&T's existing wireless communication site location referenced above, as an Eligible Facilities Request for a minor modification under Section 6409. A copy of the Federal Communication Commission's new 6409 rule is enclosed for your information.

Scope of Work
AT&T proposes the following minor modifications to this site. (Please note: all work will be performed wholly within the existing premises and utility easements; this site is free of any concealment features; and the project otherwise complies with the site's original conditions of approval.)

Increase height of original structure	10 feet or less	No increase in height
Antennas extending horizontally from edge of structure	6 feet or less	Antennas do not extend horizontally from edge of structure
Additional equipment cabinets	4 or fewer	_1_ additional equipment cabinets

FCC Shot Clock for Section 6409 Minor Modifications
Based on a filing date of September 25, 2020 the projected FCC deadline for a decision is November 25, 2020.

Our goal is to work with you to obtain approval of this minor modification earlier than the deadline. We will respond promptly to any requests for information you may have for our application. Please let us know how we can work with you to expedite the approval process. We look forward to working with you on this important project, which will significantly improve wireless telecommunication services in your community without requiring an additional site. Should you have any questions or require additional information, please do not hesitate to contact me.

Sincerely,

Valerie Cardenas
