JULY 2, 2020 REVISED 3-10-2022

FOREST HEIGHTS ESTATES SUBDIVISION APPLICATION
ADDITIONAL SHEET for DESCRIPTION OF THE REQUEST

We are requesting approval of a Minor Subdivision to create **3** lots of a minimum of 5 acres each. This will result in an additional **2** residential lots as we are including APN 52090-00-050, which is an existing 2.5 acre parcel with a residence on it. This parcel is being included in a larger parcel to be known as Lot **3** in this subdivision.

The property is served by an existing private gravel road. We are asking for a Waiver of the Subdivision Regulations requiring frontage on a public road to allow the existing private road to remain. This private road would not be constructed to County Standards but would be widened to 28 feet wide with upgraded drainage culverts. This private road has existed since the 60's and has satisfactorily served the existing 7 parcels during that time. This proposal will increase the number of lots by **TWO** and create a formal Road Maintenance agreement among all of the users. There have been meetings with all of the users to get their input and approval of the agreement.
