Dear, Ms. Bellamy,

We were informed that the Paintbrush Hills Metropolitan District will provide the Water Resources Report, but their Engineer has not been available to complete this as he is out of town on vacation. He should be returning on Nov. 1, 2023 and we will present this document as an addendum to the 107 page Water Master plan for the Paintbrush Hills Metro District dated March 2021 that was previously submitted. All other documents have been uploaded.

I hope this provides the information you have requested. If you have questions please contact me at 719.434.5630 or jzezlina@rmg-engineers.com

Respectfully,

Jennifer D. Zezlina, AIA
