This is to inform you that the above-referenced request for approval of an application for Administrative Relief, to allow a front setback of 160 feet where 200 feet is the minimum setback requirement for a structure related to the operation of a Major Kennel within the A-35 (Agricultural) zoning district, was **approved** by the Planning and Community Development Director on June 2, 2026. It is the determination and finding of the Planning and Community Development Department (PCD) Director that the application meets the review criteria for Administrative Relief included in Section 5.5.1 of the El Paso County Land Development Code (as amended). Current and future use of the property shall continue to be governed by Table 5-1, Principal Uses, of the Land Development Code. Approval of the requested Administrative Relief application is subject to the following:

CONDITIONS AND NOTATION

Conditions

1. Any expansion or additions beyond the existing or proposed structures related to the operation of the proposed kennel (e.g. deck, garage, sunroom) may require separate application(s) and approval(s) if the development requirements of the A-35 zoning district and the specific use standards of Section 5.2.30.B. for a Major Kennel cannot be met.

2. Approval of a site plan by the Planning and Community Development Department, and issuance of a building permit from the Pikes Peak Regional Building Department are required prior to construction.

Notation

Physical variances approved for a proposed structure (except for lot area variances) are valid only if construction of the structure is initiated within twelve (12) months of the date of the approval.

All administrative relief decisions, such as this one, may be appealed to the Board of Adjustment within 30 days of the date of the decision. Should you have any questions, please contact Lacey Dean at (719) 520-7943.

Sincerely,

Meggan Herington, AICP, Executive Director
El Paso County Planning and Community Development Department
