REQUIREMENTS:

1. State Law requires that notice of commencement, extent, and duration of any excavation work, be given to the owner or operator of underground facilities (utilities) at least two (2) business days in advance.
2. Work zone traffic control shall be provided in accordance with the approved Traffic Control Plan.
3. It is the responsibility of the contractor to contact Emergency Services, School Districts (if bus route), and other interested parties if road closure has been approved
4. All backfill shall be compacted to 90% of AASHTO T-180 unless otherwise specified.
5. All work sites shall be left clean and orderly.
6. Contractor must call inspector 48 hours prior to start of work.

Additional Requirements: ☐ Select Backfill ☐ Flowable Fill ☐ Restore/Reseed ☐ Regravel ☐ Cold Mix patch immediately ☐ Bore
☐ Hot Mix Patch within 7 days ☐ Overlay ☐ Compaction Test(s) ☐ Remove all locate flags associated with project

EPC Remarks: Please contact Sarah McCormick (520-7847 or 330-5904) for inspection. ROW permit must be on site during project construction. County Engineer approval needed for closures of roads.

NOTICE:

1. It is understood that should it become necessary for El Paso County to provide sign, light and barricade hazardous areas or restore the Right-of-Way to its original condition, that all costs of said work shall be borne by the Applicant
2. Issuance of this permit does not relieve the applicant from satisfying El Paso County Land Development Code and Engineering Criterial Manual requirements. In the event of conflict, this permit shall be considered NULL and VOID.
3. Utilities or other facilities installed under this permit are subject to relocation, adjustment and modification at the owner's expense, in the event El Paso County determines such is necessary in order to perform road, bridge, drainage repairs, or any modifications and/or improvements.
4. All permanent road repairs shall be completed within seven (7) calendar days of initial disturbance.
5. Roadway closure will not be permitted unless approved by El Paso County Traffic Engineer at the time of application.
6. All underground utility installations are to be at a thirty (30) inch minimum depth.
7. All overhead utility installations are to be at a nineteen (19) foot minimum height.
