RV Storage on Tamlin Road, PPR-24-37

Please accept the following comments from El Paso County Public Health for the project referenced above:

- The proposed 16.5-acre commercial site did not have water and wastewater services included with the submittal. If water and wastewater services are planned, then El Paso County Public Health will need to amend these comments.
- Earthmoving activity more than one acre, but less than twenty-five acres, requires a local Construction Activity Permit from El Paso County Public Health. Go to <https://www.elpasocountyhealth.org/service/air-quality/construction-activity-application> for more information.
- The water quality detention basin is encouraged to have mosquito control responsibilities included as a part of the design and the maintenance plan to help control mosquito breeding habitat and minimize the potential for West Nile Virus.
