DESCRIPTION OF THE REQUEST: (attach additional sheets if necessary):

Our respectful request is a side setback adjustment from 35 ft to 10ft in one specific location on our lot and to build a detached garage if the side setback variance is approved. The shape of our lot and placement of the house with topography, underground utility lines, septic and leach field makes it prohibitive to build a detached garage elsewhere on the property. The detached garage will be 22 ft wide by 28 ft deep that will park two vehicles plus be a workshop.
