TO: El Paso County

PARCEL #: 56000-00-154 and 56000-00-155

REQUEST: Historical zoning records

Mile High Outdoor purchased two billboards that are located on the above parcels January 1, 2009. While auditing several leases we have found that this lease is missing zoning documents. In order to keep our files current, we are requesting the historical zoning records for the above parcels.

We greatly appreciate all the digging you've already done - we usually do this work ourselves and understand how difficult this can be. If there's anything we can do to help, please let me know.

Best regards,
