

Owl Marketplace As-built Submittal: 9-16-2026PCM Certification Letter and Revised MHFD Calcs (ASB)

The drainage outfall structure constructed as part of the Owl Marketplace project was completed as noted in the PE Certification Letter for the project. The flows associated with this development were anticipated as part of the design of Pond SR4 (as outlined in the approved Final Drainage Report (County File #CDR247 & VR2321). No further MHFD related pond analysis was completed at that time, and as such no revised calculations should be needed for this submittal.
