**Subject:** S Powers Blvd CMRS Tower Variance of Use VA242

Good morning,

On April 2, 2024, I sent Peterson SFB a agency review request for a variance of use land use application. The variance of use would permit for a temporary T-mobile commercial tower at the northeast intersection of S. Powers and Fontaine Blvd.

As of today June 24, 2024, we have not received comments. I am reaching out to double check if Peterson SFB would like to comment on this land use application request before this item goes to Planning Commission July 18<sup>th</sup> and final approval by the Board of County Commissioners August 8<sup>th</sup>.

Thank you for your time,
