Re: Garden Valley Water and Sanitation District
*Wastewater Service to 2210 Janitell Road, Colorado Springs, CO 80906 (the
"Property")*

Dear Mr. Hastings:

The law firm of Seter & Vander Wall, P.C. represents the Garden Valley Water and Sanitation District (the "**District**"). The District is a quasi-municipal corporation and political subdivision of the State of Colorado that provides water and wastewater collection services within its boundaries.

The Property is within the District's boundaries and therefore is eligible to receive wastewater collection services from the District. However, due to the location of the Property on the north side of Fountain Creek and the lack of District wastewater collection infrastructure in the immediate area, it is not feasible for the District to provide wastewater collection services to the Property. Therefore, the District does not object to the installation of an on-site wastewater treatment system on the Property.

Please feel free to call or e-mail me (jerb@svwpc.com) if you have further questions.

Sincerely,

SETER & VANDER WALL, P.C.

Jeffrey E. Erb
