EL PASO COUNTY

STORMWATER MANAGEMENT PLAN CHECKLIST

EPC Project Number:

∠____ SF2422

	Revised: October 2021	Applicant	EPC		
STORMWATER MANAGEMENT PLAN (in the "Applicant" column specify the page number for each item) PAGE NO.					
1	Applicant (owner/designated operator), SWMP Preparer, Qualified Stormwater Manager, and Contractor Information. (On cover/title sheet)		N		
2	Table of Contents		Y		
3	Site description and location to include: vicinity map with nearest street/crossroads description		Y		
4	Narrative description of construction activities proposed (e.g., may include clearing and grubbing, temporary stabilization, road grading, utility / storm installation, final grading, final stabilization, and removal of temporary control measures)		Υ		
5	Phasing plan – may require separate drawings indicating initial, interim, and final site phases for larger projects. Provide "living maps" that can be revised in the field as conditions dictate		Y		
6	Proposed sequence for major activities: Provide a construction schedule of anticipated starting and completion dates for each stage of land-disturbing activity depicting conservation measures anticipated, including the expected date on which the final stabilization will be completed		Y		
7	Estimates of the total site area and area to undergo disturbance; current area of disturbance must be updated on the SWMP as changes occur		Υ		
8	Soil erosion potential and impacts on discharge that includes a summary of the data used to determine soil erosion potential		Υ		
9	A description of existing vegetation at the site and percent ground cover and method used to determine ground cover		Y		
10	Location and description of all potential pollution sources including but not limited to: disturbed and stored soils; vehicle tracking; management of contaminated soils; loading and unloading operations; outdoor storage of materials; vehicle and equipment maintenance and fueling; significant dust generating process; routine maintenance activities involving fertilizers, pesticides, herbicides, detergents, fuels, solvents, oils, etc.; on-site waste management; concrete truck/equipment washing; dedicated asphalt, concrete batch plants and masonry mixing stations; non-industrial waste such as trash and portable toilets		Y		
11	Material handling to include spill prevention and response plan and procedures		Υ		
12	Spill prevention and pollution controls for dedicated batch plants		Υ		
13	Other SW pollutant control measures to include waste disposal and off-site soil tracking		Υ		
14	Location and description of any anticipated allowable non-stormwater discharge (ground water, springs, irrigation, discharge covered by CDPHE Low Risk Guidance, etc.)		Υ		
15	Name(s) of ultimate receiving waters; size, type and location of stormwater outfall or storm sewer system discharge		Υ		
16	Description of all stream crossings located within the project area or statement that no streams cross the project area		Υ		

3275 Akers Drive Colorado Springs, CO 80922 Phone 719-520-6460 Fax 719-520-6879 www.elpasoco.com

EL PASO COUNTY STORMWATER MANAGEMENT PLAN CHECKLIST

EPC Project Number:

177 SWNP Map to include. 17a construction site boundaries 17b flow arrows to depict stormwater flow directions 17c all areas of disturbance 17d areas of cut and fill 17e areas of cut and fill 17e areas used for storage of building materials, soils (stockpiles) or wastes 17f location of any dedicated asphalt / concrete batch plants 17g location of all structural control measures		Revised: October 2021	Applicant	EPC
17b flow arrows to depict stormwater flow directions Y 17c all areas of disturbance Y 17d areas of cut and fill Y 17e areas of cut and fill Y 17e areas used for storage of building materials, soils (stockpiles) or wastes Y 17f location of any dedicated asphalt / concrete batch plants Y 17g location of all structural control measures Y 17h location of all non-structural control measures Y 17h location of all structural control measures Y 17a springs, streams, wetlands and othofs everating water Y 17a Narrative description of all structural control measures to be used. Modifications to EPC standard control measures must meet or exceed County-approved details Y 18 Narrative description of all non-structural control measures to be used including seeding, mulching, protection of existing vegetation, site watering, sod placement, etc. Y 20 Technical drawing details for all control measures to be used including seeding, mulching, including details used must meet or exceed EPC standards Y 21 Procedure describing how the SWMP is to be revised Y 22 Structural measures to control SW pollutants afte	17	SWMP Map to include:	PAGE NO.
