FSD FOUNTAIN SANITATION DISTRICT

LETTER OF OWNER APPROVAL

Date: October 21, 2026

To: City of Fountain Planning Department

Re: New Covered Car Parking Canopy – Fountain Sanitation District

I, Jonathan Moore, District Manager of Fountain Sanitation District, hereby acknowledge and approve the proposed improvements at the Fountain Sanitation District property.

The project consists of installing a new pre-engineered metal canopy structure, approximately 25 feet by 65 feet, to provide covered parking for six (6) company vehicles. Additionally, new fascia panels will be installed on two sides of the existing covered parking canopy to provide increased hail protection.

The proposed improvements will not require modifications to existing utilities, landscaping, or other structures on the property.

As the authorized representative of Fountain Sanitation District, I approve the proposed project and authorize its submission to the City of Fountain Planning Department for review and approval.

Please contact me if additional information is required.

Sincerely,
Jonathan Moore, PE
Jonathan Moore
