Hi Bill -

You are welcome.

Unfortunately we do not have any idea on USFWS timing, and as our Report states (paraphrased) "when an applicant finds that there will be No Effect on T&E species the USFWS may not respond at all as they are not bound by the ESA to do so'. We will follow up with them in January to see where things stand.

Happy Holidays,
Grant

Thanks, Grant – we will upload this to EDARP.

Do you have an idea on timing for USFWS?
