\* We are requesting PCD Director's relief regarding the internal tree requirement. There is no water source to provide establishment and necessary irrigation to sustain landscaping within the site. The site is a storage facility, not an RV park so no relief provided by tree canopy would be of benefit. EPC LDC 6.2.2 (G)(1)(f)(i)

\*\* There is an existing, 6' tall vinyl opaque fence a few feet east, and parallel to, our east property line providing visual buffer between our I-2 use and the neighboring RS-5000 residential. There is a proposed chain link fence on our side of the property located approximately 2 feet from and running parallel to the existing fence. The gap is to provide for maintenance.

**NOTE : ALL NEWLY INSTALLED LANDSCAPE MATERIAL WILL BE HAND WATERED UNTIL ITS ESTABLISHMENT. NO WATER EXISTS ON-SITE.**
