

Memorandum

To: El Paso County
From: Kiowa Engineering
Date: 01-07-2020
Project: The Glen Filing No 11.
Subject: SDI Worksheet Was Migrated to Filing 10

The EDB for all of Basin 'D' is now planned for construction with Filing 10, instead of Filing 11. The SDI Worksheet has been submitted along with Filing 10 documents.

The outlet structure plates will be modified at the time of Filing 11 development, but this does not require a new SDI Process to the best of our knowledge.
