Site Location : 16150 Murphy Road, Peyton, CO 80831    Size: 39.09 acres    Zoning: Residential

We request a special use to continue to run our Excavation company from our home, as we have for the last 24 years. We are not proposing any change to what we have been doing. We currently have a 3,776 square foot shop building in which we store and repair equipment, a 24x36 barn storage area, 3 small 8x12 storage buildings 2 of which are personal not business and a materials yard area where we store excess material. The storage yard has trees planted on the north and south sides, they are large mature trees that have been there at least 8 years. We have 6 pieces of equipment, three dump trucks and three equipment trailers. Most of the equipment is either stored in the shop building or is left on job sites. Our business hours are normally 6 am to 6 pm. Customers do not come to the property. We currently only have 3 employees besides ourselves, however we have had up to 5 employees in the past. Normally only 2 employees per day come to the property at 6 am and are gone by 6 pm and normally first in the morning and at the end of the day depending on the day we have never had more than 3 employees come to the property and we don't intend on having any more than that. We do reside on the property. The main driveway accesses both our home and shop and is maintained and gated.
