Ms. Bagley,

Please accept this letter of intent and the enclosed supplemental material as Drexel, Barrell & Co's Site Development Plan submittal for Lot 6, Falcon Marketplace, on behalf of Dungan Design Group, LLC.

The approximately 1.04 acre site will consist of a fast-food restaurant property with associated parking and landscaping.

Location and Zoning

The project is located at the northwest corner of Meridian Road and E. Woodmen Road, specifically Lot 6 in the Falcon Marketplace development. The property is currently zoned as CR (Commercial Regional).

Existing Facilities

The existing site has recently been over lot graded as part of the Falcon Marketplace overall development, and remains undeveloped. The site currently slopes from north to south at approximately 2%. Utility stubs have been installed to the southern property line for water and sanitary sewer. A storm sewer stub is provided to the northwest corner of the lot.

Proposed Facilities

The proposed development will consist of an approximately 2,313 sf fast-food restaurant building, with associated parking and landscaping. The site will have a single shared driveway access with Lot 5 from Falcon Market Place, with connectivity to the north to Lot 5 and to the south to Lot 7, coordinated with neighboring lot developers.

The proposed use for Lot 6 does not match the designated in the full Traffic Study for the overall development. However, by tracking some reassignment of lot uses by previous submittals it can be shown that this use is available. There was a swap between Lots 4 and 6 proposed by Kimley Horn in their traffic memo submittal for

Explain in LOI if development will have a drive through ordering lane. Traffic report say drive-through though site plan says "digital order lane"

Lot 4 on 5/27/21. As such the traffic memo prepared for this use confirms that the original traffic conditions assumed by the study will not be adversely affected by this change in use.

Land Development Code Compliance

Please include:
-how this proposal complies with the definition of the proposed use and how this will comply with section 6 standards

The proposed development is in compliance with the land uses proposed for the approved Falcon Marketplace development, which in turn is in conformance with the Land Development Code and use standards for the Commercial Regional (CR) zoning. The site landscaping is required to follow the plan approved with the overall Falcon Marketplace development.

Traffic / Access / Noise

Access to the site is as described above, and is consistent with the Traffic Report prepared for the overall Falcon Marketplace development. A Traffic Memo was completed as part of this submittal, and as noted above identifies that the traffic conditions are consistent with those assumed in the overall study.

In addition, the developer is responsible for a pro-rata share of the offsite roadway improvements associated with the Falcon Marketplace development. This share is further detailed in the Traffic Memo.

Utilities

Water and sanitary sewer services will be provided by Woodmen Hills Metropolitan District. Electric and natural gas will be provided by Mountain View Electric Association Inc. and Colorado Springs Utilities respectively. The communications provider will be contracted by the developer.

Drainage/Floodplain

Stormwater quality and detention is provided as part of the overall Falcon Marketplace development. The detention basin to the south of Lot 7 will provide for water quality before discharge into the public system.

Discuss payment of El Paso Road Impact fees or add to Traffic Impact Study. Development is subject to EPC Road Impact Fee Program.
<https://publicworks.elpasoco.com/road-impact-fees/>
Fees are paid to County and County will transfer portion to Woodmen Road Metro District
Fee are due at time of building permit

Contact Information

Drexel, Barrell & Co., a full service engineering and surveying firm, represents the property owners. Following is the contact information for all parties.
