Muddy Little Cowboy Ranch Agritainment, AL-19-028

Please accept the following comments from El Paso County Public Health regarding the project referenced above:

- **A record of an approved, permitted on-site wastewater treatment system (OWTS) for this property indicates the OWTS was installed and approved in 2018. The OWTS component locations are on file at El Paso County Public Health under Tax Schedule Number (TSN) 370000045.**
- **Portable toilets are proposed for use and are approved based on temporary operation during the months of May through October.**
- **Please assure all components of the OWTS are located and protected from vehicular traffic, livestock and other means of compaction. A secondary site on the property must be preserved for the possibility of a repair, addition, or replacement of the existing soil treatment area. Fencing is preferred but other soil treatment area identification methods accomplishing the same goal are approved.**
- **A small animal waste management plan is encouraged and should include best management practices for manure accumulation, and odor and insects control.**
