Subject: Glen at Widefield - Filing 10 - Access Permit Issue

Good morning Nina,

I received an application for an access permit for Glen at Widefield Filing 10 to collect escrow for intersection improvements at Powers Blvd and Mesa Ridge Pkwy or adjacent intersection. However, I've encountered programming issues with our permitting software that has prevented me from making the permit offer. I'm currently working with OIT to resolve this issue but Mr. Watson should not be held up due to a problem on my end.

I've worked with Mr. Watson over a number of years and trust he will provide the escrow when the permit can be issued, I cannot accept escrow dollars until the permit is issued. Please proceed with your local process without further delay to Mr. Watson.

Please accept this email as formal CDOT correspondence and contact me with any questions.

Thank you,

Valerie F Vigil
