

April 24, 2019

Kari Parsons
Project Manager
El Paso County Dev Services Department
2880 International Circle
Colorado Springs, CO 80910-6107

Dear Ms. Parsons:

Mountain View Electric Association, Inc. (MVEA) has these comments about the following:

Project Name: Grazing Yak Solar Facility

Project Number: AASI 193

Description: The project proposes to construct a solar farm facility with related facilities on 272 acres of private land. Electricity generated by the project will interconnect into the Golden West Wind project substation delivering power to Colorado Springs Utilities. The project is located south of Washington Road and east of Calhan Highway, southeast of the Town of Calhan, CO.

This area is within MVEA certificated service area. MVEA will serve this area with start-up power and any additional power as needed. The necessary lines will be constructed according to our extension policy. Connection requirements may include provisions for necessary line extensions and or other system improvements along with easements, and payment of all fees under MVEA line extension policy. Information concerning these requirements can be obtained by contacting the Engineering Department of MVEA.

MVEA has existing facilities near and within these parcels of land. If there is any removal or relocation of facilities it will be at the expense of the applicant and a review of easements will be required in order to serve.

If additional information is required, please contact our office at (719) 495-2283.

Sincerely,

Cathy Hansen-Lee
Engineering Administrative Assistant

This Association is an equal opportunity provider and employer.
