	E. <u>Special Justification</u> . Certain matters shall be specifically and comprehensively justified based on the unique needs and circumstances associated with the			
	particular Service Plan application. Matters requiring special justification include			
	but are not necessarily imited to the following, as further addressed in these			
	policies: "", uity Developr			
	<ol> <li>Specific authorization of special purpose mill levy caps which have the effect of increasing the Maximum Combined Mill Levy Cap above 60</li> </ol>			
	(sixty) mills as set forth in Section III.F.5 and 6;			
Ι.	. <u>Covenant Enforcement and Homeowner's Association Functions</u> .			
	<ol> <li>Any intent or reserved option to use the proposed District(s) for Homeowners Association (HOA) functions, including covenant</li> </ol>			
	enforcement or common area maintenance should be clearly described			
	in the Service Plan. Such description should specify whether there is			
	intent to use the District(s) in lieu of one or more HOAs or to contract with			
	HOA(s) for provision of certain services.			
	2. Use of district(s) for ongoing covenant enforcement purposes should be			
	specifically discouraged if there are expected to be no other ongoing			
	needs for the perpetual existence of the District(s).			

#### II. <u>DEFINITIONS</u>

The following terms are specifically defined for use in this Service Plan. For specific definitions of terms not listed below please also refer to the El Paso County Special District Policies, the El Paso County Land Development Code and Colorado Revised Statutes, as may be applicable.

<u>Additional Inclusion Areas</u>: means the property described in Section 3 that is anticipated for future inclusion into the boundaries of the District.

<u>Annual Report and Disclosure Statement</u>: means the statement of the same name required to be filed annually with the Board of County Commissioners pursuant to Resolution 06-472 as may be amended.

<u>Assessment Rate Adjustment</u>: means, if after approval of this Service Plan, the laws of the State change with respect to the assessment of property for taxation purposes, the method of calculating assessed valuation or any other similar changes occur, an allowed adjustment to the Maximum Combined Mill Levy, Maximum Debt Service Mill Levy, Maximum Operational Mill Levy, or Maximum Special Mill Levy to be determined by the Board in good faith so that to the extent possible, the actual tax revenues generated by the Maximum Combined Mill Levy, Maximum Debt Service Mill Levy, Maximum Operational Mill Levy, Maximum Debt Service Mill Levy, Maximum Operational Mill Levy, Maximum Debt Service Mill Levy, Maximum Operational Mill Levy, Maximum Debt Service Mill Levy, Maximum Operational Mill Levy or Maximum Special Mill Levy, are neither diminished nor enhanced as a result of such changes.

Board: means the board of directors of the District.

<u>Board of County Commissioners</u>: means the Board of County Commissioners of El Paso County.

<u>Conventional Representative District</u>: means a Title 32 special district, which is structured to allow all residents and property owners to participate in elections for the Board of Directors, as otherwise allowed by Statute.

County: means El Paso County, Colorado

<u>Debt</u>: means bonds or other obligations for the payment of which the District has promised to impose an *ad valorem* property tax mill levy without such promise being subject to annual appropriation.

<u>Developer Funding Agreement</u>: means an agreement of any kind executed between a special district and a Developer as this term is specifically defined below, including but not limited to advance funding agreements, reimbursement agreements or loans to the special district from a Developer, where such an agreement creates an obligation of any kind which may require the special district to re-pay the Developer. The term "Developer" means any person or entity (including but not limited to corporations, venture partners, proprietorships, estates and trusts) that owns or has a contract to

purchase undeveloped taxable real property greater than or equal to ten percent (10%) of all real property located within the boundaries of the special district. The term "Developer Funding Agreement" shall not extend to any such obligation listed above if such obligation has been converted to Debt issued by the special district to evidence the obligation to repay such Developer Funding Agreement, including the purchase of such Debt by a Developer.

District: means the Overlook at Homestead Metropolitan District.

<u>External Financial Advisor</u>: means a consultant that: (i) advises Colorado governmental entities on matters relating to the issuance of securities by Colorado governmental entities, including matters such as the pricing, sales and marketing of such securities and the procuring of bond ratings, credit enhancement and insurance in respect of such securities; (ii) shall be an underwriter, investment banker, or individual listed as a public finance advisor in the Bond Buyer's Municipal Market Place; and (iii) is not an officer or employee of the District and has not been otherwise engaged to provide services in connection with the transaction related to the applicable Debt.

<u>Initial District Boundaries</u>: means the initial boundaries of the District as described in Section III, as depicted on the map in Exhibit A.2 and as legally described in the legal description found at Exhibit A.2.

<u>Local Public Improvements</u>: means facilities and other improvements which are or will be dedicated to the County or another governmental or quasi-governmental entity for substantially public use, but which do not qualify under the definition of Regional Public Improvements. Examples would include local streets and appurtenant facilities, water and sewer lines which serve individual properties and drainage facilities that do not qualify as reimbursable under adopted drainage basin planning studies.

<u>Material Modification</u>: has the meaning described in Section 32-1-207, C.R.S., as it may be amended from time to time.

<u>Maximum Combined Mill Levy</u>: means the maximum combined ad valorem mill levy the District may certify against any property within the District for any purposes.

<u>Maximum Debt Authorization</u>: means the maximum principal amount of Debt that the District may have outstanding at any time, which under this Service Plan is \$10,000,000.

<u>Maximum Debt Service Mill Levy</u>: means the maximum ad valorem mill levy the District may certify against any property within the District for the purpose of servicing any Debt incurred by or on behalf of the District.

<u>Maximum Operational Mill Levy</u>: means the maximum ad valorem mill levy the District may certify against any property within the District for the purposes providing revenues for ongoing operation, maintenance, administration or any other allowable services and activities other than the servicing of Debt. This Maximum Operational Mill Levy is exclusive of any Maximum Special Mill Levy which might be separately authorized.

<u>Maximum Special Purpose Mill Levy</u>: means the maximum ad valorem mill levy which is allowed in addition to the allowable Maximum Debt Service Mill Levy and the Maximum Operational Mill Levy (*E.g. a special earmarked levy for fire protection or covenant enforcement etc. – identify use within definition*).

<u>Planning and Community Development Department</u>: The department of the County formally charged with administering the development regulations of the County.

<u>Public Improvements</u>: means those improvements constituting Regional Public Improvements and Local Public Improvements collectively.

<u>Regional Public Improvements:</u> means facilities and other improvements which are or will be dedicated to the County or another governmental or quasi-governmental entity for substantially public use, and which serve the needs of the region.

<u>Revenue Obligations</u>: means bonds or other obligations not subject to annual appropriation that are payable from a pledge of revenues other than *ad valorem* property taxes.

Service Plan: means this Service Plan for the District.

<u>Special District Act</u>: means Sections 32-1-101, <u>et seq</u>., of the Colorado Revised Statutes, as amended from time to time.

State: means the State of Colorado.

<u>Underlying Land Use Approvals</u>: means Board of County Commissioners approval of the applicable land use plans that form the basis for the need for the District and its proposed financing plan and/or services. Such approvals may be in the form of one or a combination of Sketch Plans, site-specific Planned Unit Development (PUD) plans, or subdivision plans.

#### III. <u>INTRODUCTION</u>

#### A. <u>Overall Purpose and Intent</u>.

The District will be created pursuant to the Special District Act and is being organized as a Conventional Representative District under El Paso County policies. The District is an independent unit of local government, separate and distinct from the County, and, except as may otherwise be provided for by State or local law or this Service Plan, its activities are subject to review by the County only insofar as they may deviate in a material matter from the requirements of the Service Plan. It is intended that the District, in its discretion, will provide a part or all of various Public Improvements necessary and appropriate for the development of a project within the unincorporated County to be known as the "Overlook at Homestead Subdivision" (the "Project"). The Public Improvements will be constructed for the use and benefit of all anticipated inhabitants, property owners and taxpayers of the District. The primary purpose of the District will be to finance the construction of these Public Improvements. Additional major purposes will include ongoing maintenance of six (6) full spectrum detention/water quality ponds and drainage channels intercepting stormwater from public roadways. Maintenance of open space which is planned to include trailhead parking, mailboxes and kiosk, and a fire water cistern will be a District responsibility. In addition, since there is no homeowner's association, the District will provide covenant enforcement and design review services.

#### B. <u>Need For The District</u>.

The overall need for creation of this District is that there are currently no other governmental entities located in the immediate vicinity of the District that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment, and financing of the Public Improvements needed for the proposed development within the District. Formation of the District is therefore necessary in order for the Public Improvements required for the proposed development within the District to be provided in the most economic manner possible. In order for the Project to remain competitive in the market, the District will undertake the Public Improvements needed for the Project. The District will be able to construct the Public Improvements and produce the required revenue to fund the Public Improvements not dedicated to another governmental entity. The District will construct the on and off-site roadway improvements, safety protection facilities, on and off-site drainage facilities, and landscaping, and will further provide ongoing maintenance of six (6) detention/water quality ponds and associated drainage sugges encounter suggesting the include trainage facilities.

# for the District. Explain why adjacent districts cannot provide services, provide supporting evidence.

There are 2 existing metropolitan districts within the 3-mile radius of the District, Winsome Metropolitan District No. 1 and Winsome Metropolitan District No. 4 (the "Winsome Districts"). It would not be in the best interests of those existing metropolitan districts in the vicinity of the District to provide or fund the Public Improvements needed to serve the District. The Winsome Districts have already been formed in connection with the Winsome subdivision. The service plan of the Winsome Districts further prohibits and limits the ability of these existing metropolitan district to undertake the funding of the public improvements within the District. It also could adversely affect the current residents and property owners within those metropolitan districts who do not wish to fund public improvements from which they will not receive any services or benefit. Moreover, the Project is outside the service area of the Winsome Districts.

#### C. <u>County Objectives In Forming The District</u>.

The County recognizes this District as an independent quasi-municipal entity which is duly authorized for the purposes and functions identified in the Service Plan. Future County involvement in the affairs of the District will generally be limited to functions as required by the Colorado Revised Statutes, reporting and disclosure functions, determinations as to compliance with the limits as set forth in this Service Plan or any conditions attached to its approval, as well as additional activities or relationships as may be stipulated in any intergovernmental agreements which may be entered in to between the District and the County in the future.

In approving this Service Plan the objectives of the County include an intent to allow the applicant(s) reasonable access to public tax-exempt financing for reasonable costs associated with the generally identified Public Improvements and to allow the applicant(s) the ability to prudently obligate future property owners for a reasonable share of the repayment costs of the Public Improvements which will benefit the properties within this District.

It is the additional objective of the County to allow for this District to provide for the identified ongoing services which either cannot or will not be provided by the County and/ or other districts. The District will provide ongoing maintenance of six (6) full spectrum detention/water quality ponds and drainage channels intercepting stormwater from public roadways. Maintenance of trailhead parking, mailboxes and kiosk, and fire water cistern within the open space will be a District responsibility. In addition, since there is no homeowner's association, the District will provide covenant enforcement and design review services.

In approving this District as a Conventional Representative District, it is also an objective of the County to maximize opportunities for full representative participation on the part of future eligible electors. However, because many of the critical financing decisions will be made prior to the existence of resident electors, it is the further intent of the County to accommodate and allow for reasonable and constructive ongoing notice to future property owners of the probable financial impacts associated with owning property within the District.

D. <u>Specific Purpose</u> Eacilities and Services and services/purposes, please specify whether it is anticipated that the particular purpose. For all listed services/purposes, please specify whether it is anticipated that the facility or service is actively expected to be financed or provided with the initial formation of the district or whether the purpose is being reserved for potential future use.)

2. <u>Sanitation</u>. The District shall not finance, design, construct, acquire, install, maintain, assess tap or other facility fees, and provide for sanitary sewer facilities or improvements. The development of the Project is anticipated to utilize onsite wastewater treatment systems ("OWTS") for wastewater treatment, as permitted by El Paso County Public Health, operating under the authority of the Colorado Department of Public Health and Environment.

(Note: deletion of a category indicates the proposed district will not be authorized to provide that particular facility or service. For most Service Plans it is preferred that all purpose headings be

#### 3. <u>Street Improvements, Transportation and Safety Protection</u>.

The District shall have the power and authority to provide for the design, acquisition, installation, construction, financing, operation, and maintenance of street and roadway improvements, including but not limited to curbs, gutters, culverts, storm sewers and other drainage facilities, retaining walls and appurtenances, as well as sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, undergrounding of public utilities, snow removal equipment, or tunnels and other street improvements, together with all necessary, incidental, and appurtenant facilities, land and easements, together with extensions of and improvements to said facilities. The District plans to finance and/or construct 14,230 linear feet of public roadways for the Project. It is anticipated that most of the foregoing street improvements, except underground utilities and private driveways serving individual lots or parcels, will be dedicated to the County upon completion and, following acceptance by the County, the County will own, operate, and maintain such street improvements.

The District shall have the power and authority to provide for the design, acquisition, installation, construction, financing, operation, and maintenance of traffic and safety protection facilities and services through traffic and safety controls and devices on arterial streets and highways, as well as other facilities and improvements including but not limited to, signalization at intersections, traffic signs, area identification signs, directional assistance, and driver information signs, together with all necessary, incidental, and appurtenant facilities, land easements, together with extensions of and improvements to said facilities.

The District shall also have the power and authority to provide for the design, acquisition, installation, construction, financing, operation, and maintenance of public transportation system improvements, including, but not limited to, transportation equipment, park and ride facilities and parking lots, parking structures, roofs, covers, and facilities, including structures for repair, operations and maintenance of such facilities, together with all necessary, incidental, and appurtenant facilities, land and easements, and all necessary extensions of and improvements to said public improvements.

4. <u>Drainage</u>. The District shall have the power and authority to provide for the design, acquisition, installation, construction, financing, operation, and maintenance of flood and surface drainage facilities, including but not limited to, channels, culverts, dams, retaining walls, access ways inlets, detention ponds and paving, roadside swales and curb and gutter, flood and surface drainage disposal works and facilities, together with all necessary, incidental and appurtenant facilities, land and easements, and all necessary extensions of and improvements to said facilities or systems. It is anticipated that the drainage improvements will consist of storm sewer facilities and six (6) detention/water quality ponds designed to meet County Drainage Criteria. Following completion and acceptance of the roadway culverts by the County, said drainage improvements will be owned, operated, and maintained by the County, except for the six (6) stormwater quality ponds and associated drainage ways which are planned to be owned, operated, and maintained by the District.

5. <u>Parks and Recreation</u>. The District shall have the power and authority to provide for the design, acquisition, installation, construction, financing, operation, and maintenance of public

park and recreation facilities or programs including, but not limited to, grading, soil preparation, sprinkler systems, hiking trails, pedestrian trails, pedestrian bridges, picnic areas, open space/common area landscaping and weed control, outdoor lighting of all types, and other facilities, together with all necessary, incidental and appurtenant facilities, land and easements, and all necessary extensions of and improvements to said facilities or systems. It is anticipated that the County will construct a regional trail connection within the boundaries of the District, and the Developer has granted an easement to the County to construct the regional trail connection. In the event that any other park and/or recreation facilities are constructed within the Project, it is anticipated that such park and recreation facilities will be owned, operated, and maintained by the District.

The District shall not have the authority to apply for or utilize any Conservation Trust ("Lottery") funds without the express prior consent of the Board of County Commissioners. The District shall have the authority to apply for and receive any other grant funds, including, but not limited to, Great Outdoors Colorado (GOCO) discretionary grants. Such approval, although required, is not considered to be a major modification which would require the need to revise this Service Plan.

6. <u>Mosquito Control</u>. The District shall have the power and authority to provide for the eradication and control of mosquitoes, including but not limited to elimination or treatment of breeding grounds and purchase, lease, contracting or other use of equipment or supplies for mosquito control.

7. <u>Fire Protection</u>. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate, or maintain fire protection facilities or services, except a fire cistern if needed, unless such facilities and services are provided pursuant to an intergovernmental agreement with Peyton Fire Protection District or other applicable service provider. The authority to plan for, design, acquire, construct, install, relocate, redevelop, or finance a fire cistern if needed and related improvements installed as part of any water system shall not be limited by this provision.

are they really doing this §. <u>Television Relay and Translation</u>. The District shall have the power and authority to provide for the design, acquisition, construction, completion, installation, financing, and/or operation and maintenance of television relay and translator facilities, including but not limited to cable television and related communication facilities, satellite television facilities, internet and other telecommunication facilities, together with all necessary, incidental and appurtenant facilities, land and easements, and all necessary extensions of and improvements to said facilities.

9. <u>Covenant Enforcement and Design Review</u>. The District shall have the power and authority to provide covenant enforcement and design review services. Covenant enforcement and design review services shall be limited pursuant to Section 32-1-1004(8), C.R.S. as it may be amended from time to time. is the district enforcing Covenants in County ROW?

10. <u>Security Services</u>. The District shall have the power and authority to provide security services. Such power and authority shall be limited pursuant to Section 32-1-1004(7), C.R.S., as may be amended from time to time. The power and authority hereby given to the District

is not intended in any way to supersede, subvert, or otherwise interfere with the authority and powers of local law enforcement officials within the boundaries of the District.

are they really doing this?

11. <u>Solid Waste Disposal</u>. The District shall have the power and authority to provide for the design, acquisition, construction, completion, installation, financing, and/or operation and maintenance of solid waste disposal facilities, including, but not limited to, the collection and transportation of solid waste, for any area within the District's boundaries by contracting with a third-party service provider, or providing such solid waste disposal services itself, pursuant to Sections 32-1-1004(1)(k) and 32-1-1006(6), C.R.S. If the County is providing solid waste disposal services, the District shall obtain the prior written consent of the Board of County Commissioners prior to furnishing any solid waste disposal services within the District.

E. <u>Other Powers</u>.

1. <u>Amendments</u>. The District shall have the power to amend this Service Plan as needed, subject to appropriate statutory procedures as set forth in Section 32-1-207, C.R.S.

2. <u>Authority to Modify Implementation of Financing Plan and Public</u> <u>Infrastructure</u>. Without amending this Service Plan, the District may defer, forego, reschedule or restructure the financing and construction of certain improvements and facilities, to better accommodate the pace of growth, resources availability, and potential inclusions of property within the District.

#### F. <u>Other Statutory Powers</u>.

The District may exercise such powers as are expressly or impliedly granted by Colorado law, if not otherwise limited by the Service Plan or its conditions of approval.

The District shall not adopt or enact an ordinance, resolution, rule or other regulation that prohibits or restricts an authorized permittee from carrying a concealed handgun in a building or specific area under the direct control or management of the District as provided in Section 18-12-214, C.R.S.

#### G. <u>Eminent Domain</u>.

The District may exercise the power of eminent domain or dominant eminent domain only as necessary to further the clear pubic purposes of the District.

The power of eminent domain and/or dominant eminent domain shall be limited to the acquisition of property that the District intends to own, control or maintain by the District or other governmental entity and is for the material use or benefit of the general public. The term "material use or benefit for the general public" shall not include the acquisition of property for the furtherance of an economic development plan, nor shall it include as a purpose an intent to convey such property or to make such property available to a private entity for economic development purposes. The phrase "furtherance of an economic development plan" does not include condemnation of property to facilitate public infrastructure that is necessary for the development of the Project.

#### H. Intergovernmental Agreements (IGAs).

The District is authorized to enter into IGAs to the extent permissible by law. As of the date of approval of this Service Plan, no IGAs are currently anticipated. Peyton Fire Protection District has agreed to service the property within the boundaries of the District, as the District is within Peyton Fire Protection District's service area.

#### I. <u>Description Of Proposed Boundaries And Service Area</u>.

1. <u>Initial District Boundaries</u>. A vicinity map showing the general location of the District is included as Exhibit A.1. A map of the initially included properties and a legal description of its boundaries are included at Exhibit A.2.

2. <u>Additional Inclusion Areas</u>. Additional inclusion areas are not anticipated in addition to the initially included properties. The District shall be authorized to include territory in accordance with applicable provisions of the Special District Act.

Notwithstanding the foregoing, the District is prohibited from including additional property within the District's boundaries if the property is within the corporate limits of the City of Colorado Springs without express prior consent of the City of Colorado Springs City Council.

Notwithstanding the foregoing, the District is prohibited from including additional property within the Districts' boundaries if the property is within the corporate limits of the Town of Monument without express prior consent of the Town of Monument Board of Trustees.

3. <u>Extraterritorial Service Areas</u>. The District does not anticipate providing services to areas outside of the Initial District Boundaries

Analysis Of Alternatives. There are 2 existing metropolitan districts within a 4. three-mile radius of the Project as reflected on the list of neighboring taxing and service providing entities in Section VII.B below and on the map attached as Exhibit A.4, previously defined as the Winsome Districts. These 2 existing metropolitan districts in the vicinity of the District are not immediately adjacent to the District and the Project is not located within the service area of the Winsome Districts. Those existing metropolitan districts have already been organized in connection with the Winsome Subdivision. It may not be in the financial interests of the residents and property owners within these existing metropolitan districts to undertake the funding of the public improvements within the District based on Winsome Districts' service plan limitations. It further could adversely affect the current residents and property owners within the Winsome Districts who do not wish to fund public improvements from which they will not receive any services or benefit. The establishment of the District will generate the majority of the tax revenue sufficient to pay the costs of the Public Improvements and create several benefits for the inhabitants of the development and the County. In general, those benefits are: (a) administration of the design, acquisition, installation, construction, financing, operations, and/or maintenance of Public Improvements, and delivery of those public improvements in a timely manner; (b) maintenance of a reasonable tax

# inclusion in one or more existing districts and/or reliance on private financing and/or other reasonable alternatives as may be available).

burden on all residents of the District through proper management of the financing and operation of Public Improvements; and (c) assurance that Public Improvements required by the County are designed, acquired, installed, constructed, financed, operated, and/or maintained in a timely and cost effective manner by which to protect residents, bondholders, and the County from the risk of development. The District will construct the on and off-site roadway improvements, safety protection facilities, on and off-site drainage facilities, and landscaping, and will further provide ongoing maintenance of two stormwater quality ponds and associated drainage ways, as well as provide covenant enforcement and design review, for the Project. address why not

address why not developer finance

Currently, the County does not have the ability to provide the services and infrastructure required to support the planned development of the Project. In addition, the Initial District Boundaries are not contiguous with the incorporated boundaries of the City of Colorado Springs or any other municipality as would be necessary to facilitate annexation and provision of municipal services. Further, there are no other public entities in the area, including existing Title 32 Special Districts, that have the ability or debt capacity to finance the construction of the public improvements associated with Project.

5. <u>Material Modifications/Service Plan Amendment</u>. Material modifications of this Service Plan shall, at a minimum, trigger the need for prior approval of the Board of County Commissioners at an advertised public hearing and may require a need for a complete re-submittal of an amended Service Plan along with a hearing before the County's Planning Commission. For the purpose of this Service Plan the following changes shall be considered material modifications:

a. Any change in the basic services provided by the District, including the addition of any types of services not authorized by this Service Plan.

b. Any other matter which is now, or may in the future, be described as a material modification by the Special District Act.

c. Imposition of a mill levy in excess of any of the Maximum Mill Levies as authorized in this approved Service Plan.

d. Issuance of Debt in excess of the Maximum Debt Authorization authorized in this Service Plan

e. Issuance of any Debt with a maturity period of greater than thirty (30) years, from the date of issuance of such Debt.

f. Creation of any sub-districts as contemplated in the Special District Act.

g. Inclusion into the District of any property over five (5) miles from the combined area of the Initial District Boundaries and the property described in Exhibit A.3 unless explicitly contemplated in this Service Plan.

#### IV. <u>DEVELOPMENT ANALYSIS</u>

unstable drainages? Need for district is this realistic on well and septic in Eastern EPC - what market study justifies these prices

#### A. <u>Existing Developed Conditions</u>.

The property located within the Project is currently vacant and undeveloped.

B. Total Development At Project Buildout.

At complete Project build-out, development within the District is planned to consist of 62 single family residential homes each on a 5-acre lot. The prices of homes in the project are expected to average between \$1,000,000 to \$2,000,000 with \$1,400,000 being the average in 2024 dollars. The total estimated population of the District upon completion of development is 155 (based on the assumption that approximately 2.5 residents will occupy each home;  $2.5 \ge 0.5 \le 0.5 \le$ 

C. <u>Development Phasing And Absorption</u>. the preliminary plan has not gone to BOCC yet-Plat is not submitted

Absorption of the Project is projected to take six (6) years, beginning in 2024-and ending in 2030 and is further described in the Development Summary found at Exhibit B.

Based on the financial plan attached as Exhibit D, the District anticipates it may assess a Maximum Debt Mill Levy of 50 mills on assessed properties in the District from 2027 to 2067 for collection in 2068 (including refunding). Over the 40 years, the effect of collecting property taxes for the District will decrease the County's Specific Ownership Taxes (SOT) by an average of \$6,679.04 a year. In year 1 (2028 collection year), County SOT collections will be reduced by approximately \$288 and growing to \$11,417 at final maturity in 2067. During the same time period, the County's property taxes are expected to grow approximately \$3,939 in 2026 to \$156,102 in year 2067. Over the 40-year course of the project, it is estimated that the total SOT collections from the Maximum Debt Service Mill Levy will be reduced by \$267,162 while property tax collections should increase by \$3,652,975.

Based on the financial plan attached as Exhibit D, the District may assess a Maximum Operational Mill Levy of 15 mills on assessed properties in the District from 2027 to 2067. Over 40 years, the effect of collecting property taxes from the Maximum Operational Mill Levy for the District will decrease the County's Specific Ownership Taxes (SOT) by an average of \$2,004 a year. In year 1 (2028 collection year), County SOT collections will be reduced by approximately \$86 and growing to \$3,425 in 2067. During the same time period, the County's property taxes are expected to grow approximately \$3,939 in 2027 to \$156,102 in year 2067. Over the 40-year course of the Project, it is estimated that the total SOT collections from the Maximum Operational Mill Levy for the District will be reduced by \$80,159 while property tax collections should increase by \$3,652,755.

D. <u>Status of Underlying Land Use Approvals</u>.

On January 11, 2024, the Board of County Commissioners approved a rezone from A-35: Agricultural (35 acres) to RR-5: Residential (5 acres) (Resolution No. 24-30). An application for the Overlook at Homestead Subdivision Preliminary Plan (SP238) to include 62 single-family

40 years- Address this in detail; 30 years is max based on Policies; your assumption is 40 years out of gate ... residential lots on the site was submitted in 2023. The Final Plat and associated construction plans will be submitted to the County in 2024.

revise dates

#### V. INFRASTRUCTURE SUMMARY

Attached as Exhibit C is summary of the estimated costs of Public Improvements which are anticipated to be required within this District. A general description of the categories of Public Improvements is included in Section III.D. of this Service Plan. The total costs of the improvements are estimated to be approximately \$7,965,287 in year 2024 dollars, of which it is estimated that \$6,194,233 are District-eligible public improvement costs (in 2024 dollars) It is estimated that the District will finance approximately \$6,194,233 (or approximately 78%) of this estimated amount, but the amount ultimately financed by the District will be subject to the Maximum Authorized Debt limit.

All Public Improvements will be designed and constructed in accordance with the standards of the governmental entity to which such Public Improvements will be dedicated (including, with respect to storm sewer and drainage facilities, the applicable National Pollutant Discharge Elimination System standards), and otherwise in accordance with applicable El Paso County standards. The composition of specific Public Improvements will be determined in connection with applicable future land use and development approvals required by El Paso County rules and regulations.

#### VI. <u>FINANCIAL PLAN SUMMARY</u>.

#### A. <u>Financial Plan Assumptions and Debt Capacity Model</u>.

Attached at Exhibit D is a summary of development assumptions, projected assessed valuation, description of revenue sources (including applicable mill levies and fees) and expenses for both operations and debt service, and an overall debt capacity model associated with projected future development of the Project. The model demonstrates that the District is capable of providing sufficient and economic service within the Project, and that the District has or will have the financial ability to discharge the District's Debt on a reasonable basis. The financial model attached as Exhibit D is an example of the manner in which the District may finance the Public Improvements. The specific structure for financing the Public Improvements shall be determined in the discretion of the Board of Directors of the District, subject to the limitations set forth in this Service Plan.

#### B. <u>Maximum Authorized Debt</u>.

The District is authorized to issue Debt up to Ten Million (\$10,000,000) in principal amount. The maximum debt authorization is based upon the estimated costs associated with the construction of on-site public improvements for the Project, including street improvements, traffic control and safety protection, drainage facilities and detention/water quality control ponds, and park and recreation facilities. This amount is larger than the estimated cost of the Public Improvements to allow for inflation, contingencies, and unanticipated changes from the date of approval of this Service Plan. The cost estimates are preliminary in nature and the ultimate costs may increase or decrease depending on numerous factors, many of which are out of Developer's control.

#### C. <u>Maximum Mill Levies</u>.

over 60 requires special justification and your asking for 70

1. <u>Maximum Debt Service Mil Levy</u>. The Maximum Debt Service Mill Levy shall be fifty (50) mills, subject to the Maximum Combined Mill Levy and to the Assessment Rate Adjustment. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S., and all other requirements of State law.

2. <u>Maximum Operational Mill Levy</u>. The Maximum Operational Mill Levy Cap shall be fifteen (15) mills subject to the Maximum Combined Mill Levy and to the Assessment Rate Adjustment.

3. <u>Maximum Special Purpose Mill Levy Cap</u>. The Maximum Special Purpose Mill Levy is five (5) Mills subject to the Maximum Combined Mill Levy and to the Assessment Rate Adjustment.

4. <u>Maximum Combined Mill Levy</u>. The Maximum Combined Mill Levy is 65 Mills subject to the Assessment Rate Adjustment.

D. <u>Maximum Maturity Period For Debt.</u>

out of gate you ask for 40 previous pages

The period of maturity for issuance of any Debt (but not including Developer Funding Agreements) shall be limited to no more than thirty (30) years without express, prior approval of the Board of County Commissioners. However, the District is specifically authorized to refund or restructure existing Debt so long as the period of maturity for the refunding or restructured Debt is no greater than 30 years from the date of the issuance thereof.

E. <u>Developer Funding Agreements</u>.

The Developer does intend to enter into Developer Funding Agreements with the District in addition to recovery of the eligible costs associated with creation of this District. It is anticipated that in the formative years the District will have shortfalls in funding its capital costs and monthly operations and maintenance expenses. The Developer may fund these obligations for the District to promote the Project's development subject to the Developer being repaid from future District revenues.

Developer Funding Agreements may allow for the earning of simple interest thereon, but under no circumstances shall any such agreement permit the compounding of interest. The Developer Funding Agreements may permit an interest rate that does not exceed the prime interest rate plus two points thereon.

The maximum term for repayment of a Developer Funding Agreement shall be twenty (20) years from the date the District becomes obligated to repay the Developer Funding Agreement under the associated contractual obligation. For the purpose of this provision, Developer Funding Agreements are considered repaid once the obligations are fully paid in cash or when converted to bonded indebtedness of the District (including privately placed bonds). Any extension of such term is considered a material modification and must be approved by the Board of County Commissioners.

Required disclosure notices shall clearly identify the potential for the District to enter into obligations associated with Developer Funding Agreements.

#### F. <u>Privately Placed Debt Limitation</u>.

Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows: We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

G. <u>Revenue Obligations</u>. The District shall also be permitted to issue Revenue Obligations in such amount as the District may determine. Amounts issued as Revenue Obligations are not subject to the Maximum Debt Authorization.

#### VII. OVERLAPPING TAXING ENTITIES, NEIGHBORING JURISDICTIONS

#### A. <u>Overlapping Taxing Entities</u>.

The directly overlapping taxing entities and their respective levy year 2023 mill levies are as follows:

El Paso County	6.862
El Paso County Road and Bridge	0.330
Peyton School District No. 23	24.419
Pikes Peak Library District	3.061
Peyton Fire Protection District	6.154
Upper Black Squirrel Creek Ground Water District	0.948

		s is it 65 or n addtion
Kiowa Conservation District	0.000	
Total Existing Mill Levy:	<u>41\774</u> ~~~~	$\downarrow$
The total mill levy including the initially proposed District mill levy is 1	06.774 mills.	3

The property within the District will receive fire protection services from Peyton Fire Protection District. The District does not currently anticipate the need for an intergovernmental agreement with Peyton Fire Protection District.

The provision of water to the Project is from the Upper Black Squirrel Creek Aquifer, Upper Big Sandy Designated Groundwater Basin and the Kiowa-Bijou Designated Groundwater Basin. Replacement Plan 4638-RP has been recorded and specifies conditions of approval. Utilizing OWTS by the end users in the Project will help improve overall recharge of the Upper Black Squirrel Creek Aquifer, Upper Big Sandy Designated Groundwater Basin, and the Kiowa-Bijou Designated Groundwater Basin. Individual wells will draw 0.50-acre feet annually for each lot, 90% of which will be returned via OWTS.

Development of the Project will significantly increase the value of the property included within the District's boundaries, which will result in a substantial increase in the tax revenue for Peyton School District No. 23, Pikes Peak Library District, and Peyton Fire Protection District as a result of their current mill levies.

#### B. <u>Neighboring Jurisdictions</u>.

The following additional taxing and or service providing entities include territory within three (3) miles of the Initial District Boundaries:

EL PASO COUNTY PEYTON SCHOOL DISTRICT NO. 23 EL PASO COUNTY SCHOOL DISTRICT NO. 49 PIKES PEAK LIBRARY DISTRICT ELBERT FIRE PROTECTION DISTRICT FALCON FIRE PROTECTION DISTRICT PARK FOREST WATER DISTRICT UPPER BIG SANDY GROUND WATER DISTRICT UPPER BLK SQUIRREL CRK GROUND WATER DISTRICT EL PASO COUNTY CONSERVATION DISTRICT KIOWA CONSERVATION DISTRICT WINSOME METROPOLITAN DISTRICT #1 WINSOME METROPOLITAN DISTRICT #4

There are no additional relationships anticipated with any of the foregoing entities at this time and it is not anticipated that the District will impact these neighboring entities.

#### VIII. <u>DISSOLUTION</u>

A. <u>Dissolution</u>. Upon an independent determination of the Board of County Commissioners that the purposes for which the District was created have been accomplished, the District agrees to file a petition in the appropriate District Court for dissolution, pursuant to the applicable State statutes. In no event shall dissolution occur until the District has provided for the payment or discharge of all of its outstanding indebtedness and other financial obligations as required pursuant to State statutes.

B. <u>Administrative Dissolution</u>. The District shall be subject to administrative dissolution by the Division of Local Government as set forth in Section 32-1-710, C.R.S.

#### IX. <u>COMPLIANCE</u>

A. An Annual Report and Disclosure Form will be required and submitted as described in C.R.S. 32-1-207(3)(d) and as further articulated by Board of County Commissioners Resolution No. Resolution 06-472, as may be amended.

B. Material modifications of this Service Plan shall be subject to the provisions contained in Section 32-1-207, C.R.S., relating to approvals and notices thereof.

#### X. <u>MISCELLANEOUS</u>.

The following is additional information to further explain the functions of the District:

A. <u>Special District Act</u>.

The contemplated municipal services are under the jurisdiction of the Special District Act and not the Public Utilities Commission.

B. <u>Disclosure to Prospective Purchasers</u>.

After formation of the District, and in conjunction with final platting of any properties within the proposed District, the applicable Board of Directors of the District shall prepare a notice acceptable to the Planning and Community Development Department Staff informing all purchasers of property within the District of the District's existence, purpose and debt, taxing, and other revenue-raising powers and limitations. Such notice obligation shall be deemed satisfied by recording the notice with this Service Plan and each final plat associated with the Project, or by such other means as the Planning and Community Development Department approves. Such notice shall be modified to address the potential for future Debt issuance which may be required to meet the obligations associated with loans incurred by the District. In conjunction with subsequent plat recordings, Planning and Community Development Department staff is authorized to administratively approve updates of the disclosure form to reflect current information.

#### C. <u>Local Improvements</u>.

Prior to the financing of Local Public Improvements, and if required by County policy uniformly applied, agreements shall be in place to prevent a loss of sales tax revenue from sales of construction materials which would otherwise accrue to the County.

#### D. <u>Service Plan not a Contract</u>.

The grant of authority contained in this Service Plan does not constitute the agreement or binding commitment of the District enforceable by third parties to undertake the activities described, or to undertake such activities exactly as described.

#### E. Land Use and Development Approvals.

Approval of this Service Plan does not imply approval of the development of a specific area within the Project, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings identified in this Service Plan or any of the exhibits attached thereto. All such land use and development approvals shall be processed and obtained in accordance with applicable El Paso County rules, regulations and policies.

#### XI. <u>CONCLUSION</u>

It is submitted that this Service Plan for the District establishes that:

A. There is sufficient existing and projected need for organized service in the area to be serviced by the proposed District.

B. The existing service in the area to be served by the proposed District is inadequate for present and projected needs.

C. The proposed District is capable of providing economical and sufficient service to the Project.

D. The area to be included in the proposed District does have, and will have, the financial ability to discharge the proposed indebtedness on a reasonable basis.

E. Adequate service is not, and will not be, available to the area through the County or other existing municipal or quasi-municipal corporations, including existing special districts, within a reasonable time and on a comparable basis.

F. The facility and service standards of the proposed District are compatible with the facility and service standards of the County.

G. The proposal is in substantial compliance with the with applicable elements of the El Paso County Master Plan, including but not limited to Your El Paso Master Plan (2021), the El Paso County Water Master Plan (2018), the El Paso County Parks Master Plan (2013), the El Paso County Major Transportation Corridors Plan, and with these Special District Policies. County master plan.

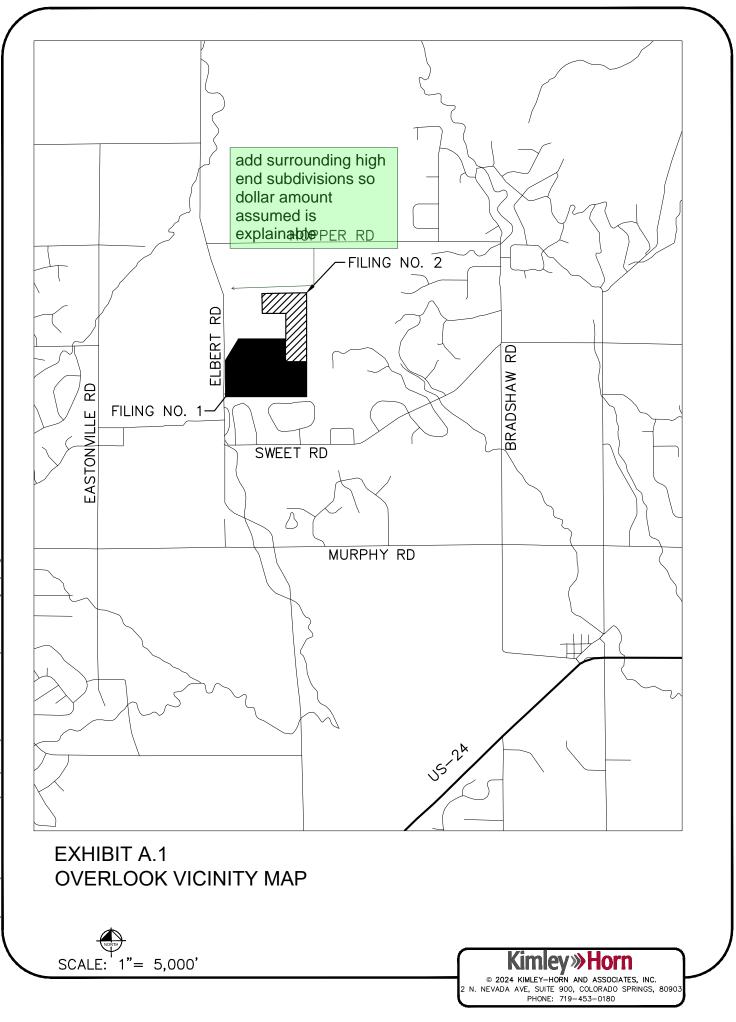

H. The creation of the proposed District is in the best interests of the area proposed to be served.

# EXHIBIT B

## **DEVELOPMENT SUMMARY**

EXHIBIT B OVERLOOK SUBDIVISION DEVELOPMENT SUMMARY March 2024

The proposed Overlook at Homestead Subdivision consists of 62 large-lot single family residential homes in northern El Paso County, Colorado. The development is located north of Sweet Road and is east and contiguous with Elbert Road.

The property consists of El Paso County parcel #'s 41000 00 255, 41000 00 256, and 41220 00 005 with a total acreage of 350.830 acres and is owned by PT Overlook LLC. The parcels are within Sections 22 and 27, Township 11 South, Range 64 West of the 6<sup>th</sup> Principal Meridian, County of El Paso, State of Colorado. The property is bound by Apex Ranch Estates subdivision to the west, unplatted ground to the north, Homestead Ranch Regional Park to the east and Reata subdivision to the south.

The land is currently undeveloped. The ground cover is grasslands with rolling hills on the southern portion and includes a heavy treed butte in the north portion. The butte is literally the "top of the hill", with stormwater discharging into four drainage basins: northwest to East Kiowa Creek, northeast to Bijou Creek, southeast to La Vega Ranch and southwest to Upper Black Squirrel.

The property was zoned A-35: Agricultural (35 acres). El Paso County approved the request to change the zone to RR-5 (5-acre minimum) similar to the neighboring properties. The proposed 62 lots will be accessed by public roads built to a rural standard. Stormwater will be mitigated using 6 full spectrum detention/water quality ponds. The proposed lots will be serviced by individual water wells and septic disposal systems. State of Colorado Ground Water Commission has approved Replacement Plan No 4638-RP. Natural gas and fiber communications will be extended to the site. Easements will be provided for El Paso County Parks to connect the regional trail system.

The Preliminary Plan was submitted in 2023. The Final Plat and Construction Documents will be recorded/approved in 2024. Lot sales will commence once the roads have graded and base course installed, anticipated in mid-2025. Lot sales will be brisk because of continued inventory shortage in the community.

Home values will range from \$1,000,000 to \$2,000,000 with \$1,400,000 being the average in 2024 dollars. We anticipate home construction at a pace of 1 per month beginning in 2025 and finishing in 2030. Using an occupancy of 2.5 persons per home, the anticipated population of the district will be 155 neighbors.

The proposed development will be developed in two phases. Overlook Filing No. 1 will consist of 36 lots located on the lower, southern portion of the property. Overlook Filing No. 2 will consist of 26 lots on the northern treed butte portion of the property. The cost estimate indicates Entitlements will cost \$976,343 with approximately 60% being eligible for District funding. Development consisting of 14,200 lf of rural roadway, 14 roadway culverts, and 6 detention/stormwater quality ponds will cost \$6,988,944 with approximately 80% being eligible for District reimbursement.

Ongoing District Services will include operation and maintenance of the detention/water quality ponds and associated natural drainage ways (to convey stormwater from roadways to ponds). Maintenance of open space, which is planned to include trailhead parking, mailboxes and kiosk, and fire water cistern, will be a District responsibility.

## FINANCIAL PLAN SUMMARY

March 11, 2024

Overlook at Homestead Metropolitan District Attention: Alicia J. Corley Icenogle Seaver Pogue 4725 South Monaco Street, Suite 360 Denver, Colorado 80237

## RE: Overlook at Homestead Metropolitan District Financing Plan

We have analyzed the bonding capacity for the proposed Overlook at Homestead Metropolitan (the "District"). The analysis included in this document summarizes and presents information provided on behalf of Proterra Properties (the "Developer") and does not include independently verifying the accuracy of the information or assumptions.

#### Plan Assumptions

## 5 year buildoutprevious pages have 7

The development program for the District is anticipated to include 62 single family residential units with an estimated average value of \$1.4 million per unit. Units are anticipated to be completed between 2027 and 2032. These assumptions have been provided by the Developer and form the basis of the analysis. All prices below reflect 2024 market values.

Bond Assumptions

2 million dollar homes in this area is that realistic on well and septic? Market study used?

- 1. The residential debt service mill levy target is 50 mills beginning in tax collection year 2028.
- 2. The District is modeled to issue limited tax general obligation bonds in December 2027. The bonds (Series 2027) are estimated to have a par of \$7,090,000 and an interest rate of 5.00%. At issuance, it is projected that the District will fund \$300,000 in costs of issuance, \$1,063,500 in capitalized interest, and \$638,417 in a debt service reserve from bond proceeds. The Underwriter's discount is modeled as 2% of par for the bonds. The remaining \$4,946,283 is projected to be deposited to the District's project fund to reimburse the Developer for eligible expenses.

Total bond revenues are dependent on the following key assumptions:

- a. Annual Specific Ownership Tax revenues are modeled at a factor of 6% to annual property tax revenues.
- b. It is projected that 99.5% of property taxes levied will be collected and available to the District.
- c. It is projected that there will be a 6% biennial inflation rate on existing residential valuation.
- d. Total bond par amount results in 1.0x debt service coverage

## Refinance Assumptions

what about the additional 15 O and M and the additional 5 Mill CCR?

1. The District is also modeled to issue senior refunding bonds in December 2037. The purpose of these bonds will be to refund the outstanding Series 2027 bonds at more favorable terms and generate additional proceeds for the District. The senior bonds are anticipated to have a par of \$10,825,000 and an interest rate of 4.00%. At issuance, it is projected that the District will utilize \$743,417 in funds on hand as a source of funds. Anticipated uses of funds include \$200,000 in costs of issuance, \$6,890,000 in refunding escrow in order to refund the outstanding Series 2027 bonds, and \$4,424,292 that is projected to be deposited to the District's project fund to fund eligible expenses. The Underwriter's discount is modeled as 0.5% of par.

Total refunding senior bond revenues are dependent on the following key assumptions:

- e. Annual Specific Ownership Tax revenues are modeled at a factor of 6% to annual property tax revenues.
- f. It is projected that there will be a 6% biennial inflation rate on residential development.
- g. Based on the status of development, the Series 2037 bonds are anticipated to include an investment grade rating. For the purposes of this analysis, a BBB rating is assumed.
- h. Total senior bond par amount is sized to 1.0x debt service coverage.

## Estimate of Revenue Projections for first 10 years

The debt service mill levy (50.000 mills) collection revenues over the first 10 years total \$2,699,052 plus an additional \$161,943 in specific ownership taxes associated with the debt levy, for a total of \$2,860,995.

District operations are anticipated to be funded through the imposition of an additional 15.000 mills. This mill levy is estimated to generate \$858,300 over the first 10 years.

Based upon the development assumptions provided and the financial assumptions contained in the attached projected Financing Plan for the proposed Overlook at Homestead Metropolitan District, the projected revenue is sufficient to retire all Debt referenced in the Financing Plan within the restrictions set forth in the District's Service Plan, including but not limited to the maximum debt mill levies and maximum maturity period.

#### **Risks Associated with the Bond Financing**

Risks to Tax Payers:

- Development is slower than anticipated
- Biennial inflation on existing assessed values is less than 6% on residential development
- District imposes Maximum Debt Mill Levy as described in the Service Plan

The primary risk to tax payers is that the Districts issue bonds to finance infrastructure and then the absorption of additional property, or its valuation by the Assessor, lags modeled expectations. If that occurs, then the Districts may need to levy the Maximum Debt Mill Levy as described in the Service Plan and would not be able to reduce the levy for a longer period of time.

Risks to Bondholders:

- Development is slower than anticipated
- Biennial inflation on assessed values is less than 6% on residential development
- Assurance of the continuation of development is not assured
- Reliance on Federal Tax Code and State laws governing municipal finance and special districts

The primary risk to bondholders is the development does not occur as fast as originally projected and that the revenues generated from the Maximum Debt Mill Levy as described in the Service Plan are not sufficient to meet the Districts' financial obligations. These risks are mitigated by funding a capitalized interest and reserve fund at closing. In addition, these bonds are anticipated to be marketed only to sophisticated investors who understand the risks involved in the transaction.

#### **Disclosures**

It is contemplated that D.A. Davidson will provide investment banking services to the District in connection with its future bond financings or other borrowings. D.A. Davidson is not acting as a financial advisor to the District.

The assumptions disclosed in the Financial Plan are those of the Developer and have not been independently reviewed by D.A. Davidson. Those assumptions identified are believed to be the significant factors in determining financial feasibility; however, they are likely not to be all-inclusive. There will usually be differences between forecasted and actual results, because events and circumstances frequently do not occur as projected, and those differences may be material. Key assumptions, including those relating to market values of real property improvements and the build out schedule of such property, are particularly sensitive in terms of the timing necessary to create the tax base for the District. A small variation in these variables, and to their timing, can have a large effect on the forecasted results. There is a high probability that the forecasted results will differ from realized future tax base factors and such variations can be material. Additionally, other key assumptions relating to inflation, assessment ratios, interest rates, and infrastructure, administrative, and operating costs may, and likely will, vary from those projected.

Because D.A. Davidson has not independently evaluated or reviewed the assumptions that the financial model is based upon, we do not vouch for the achievability (and disclaim any opinion) of the information provided. Furthermore, because of the inherent nature of future events, which are subject to change and variation as events and circumstances change, the actual results may vary materially from the results presented here. D.A. Davidson has no responsibility or obligation to update this information or this financial model for events occurring after the date of this report.

Respectfully submitted,
