## MEMORANDUM

---

<b>To:</b>	Kari Parsons, El Paso County DSD	<b>From:</b>	Richard Schindler
<b>Re:</b>	Creekside at Lorson Ranch Filing No. 1 Amendment to Final Drainage Report		

---

This memorandum is to amend Section 7.0 Drainage and Bridge Fee of the Final Drainage Report (FDR) for Creekside at Lorson Ranch. The approved FDR states that the drainage and bridge fees are due at plat recordation but does not address how the fees will be paid.

In 2020 Lorson Ranch will complete armoring of the last remaining portion of the East Tributary of Jimmy Camp Creek channel. The estimated construction cost is \$2,074,670.20 and upon completion will be submitted to El Paso County for converting the construction costs into reimbursable drainage fee credits from the drainage basin fund for Jimmy Camp Creek.

Until the armoring project is complete and has been through the drainage fee process, El Paso County is allowing Lorson Ranch to apply the drainage/surety fees due at plat recording against the estimated channel construction costs. This process will be called "Drainage Fee Pre-Credits" and will be tracked by Lorson Ranch via drainage fee memos/spreadsheets prepared prior to recordation of plats.

For Creekside at Lorson Ranch Filing No. 1 the required drainage/surety fees will be applied against the **Drainage Fee Pre-Credits**. Lorson Ranch has more Drainage Fee Pre-credits than the required fees for this plat recordation.

Bridge fees will be applied against the established Bridge Fee Credits for Lorson Ranch.

Att Drainage/Surety Fee Spreadsheet

From: Richard L. Schindler
