RE: Forest Lakes Subdivision – Phase II
PUD Development Plan/Preliminary Plan Amendment
Secs. 28-29, Twp. 11S, Rng. 67W, 6th P.M.
Water Division 2, Water District 10
CDWR Assigned Subdivision No. 25520

To Whom It May Concern:

We have received information concerning the above-referenced proposal for an amendment to the PUD Development Plan/Preliminary Plan for Forest Lakes Subdivision which proposes to subdivide a 287 +/- acre tract of land into 180 single-family lots. This office previously provided comments dated December 31, 2018, attached, regarding Forest Lakes PUD Development Plan/Preliminary Plan. According to the submittal, the proposed supply of water and wastewater disposal is to be served by the Forest Lakes Metropolitan District ("District").

The current referral requests minor amendments to the previously approved PUD/Preliminary Plan. The amendments include changes to the drainage and wetlands layout, a modification to the lot numbering and other minor changes. The proposed source of water is to be supplied by the Forest Lakes Metropolitan District ("District"), and a December 3, 2018 letter from the District was provided with the submittal. The letter commits to serving 63.54 acre-feet/year to Forest Lakes Phase II. The current referral does not change the water supply requirements for the subdivision; therefore, please refer to our previous comments attached to this letter.

Should you or the applicant have questions regarding any of the above, please feel free to contact me at this office.

Sincerely,

Ivan Franco, P.E.
Water Resource Engineer

cc: Bill Tyner, Division 2 Engineer
Doug Hollister, District 10 Water Commissioner
