The Sod Guy, AL-19-014

Please accept the following comments from El Paso County Public Health regarding the project referenced above:

- Cherokee Metropolitan District is available for water and wastewater services, but not needed for the project.
- Earthmoving activity in excess of one acre, but less than twenty-five acres, requires a local Construction Activity Permit from El Paso County Public Health. Go to <https://www.elpasocountyhealth.org/service/air-quality/construction-activity-application> for more information.
- Radon resistant construction building techniques/practices are encouraged in this area. The EPA has determined that Colorado, and specifically the El Paso County area, have higher radon levels than other areas of the country.
- No Public Health issues noted with the request.
