Property Address: **1100 S. Enoch Road, COLORADO SPRINGS, CO 80930**

The proposed scope of work for this project includes:

TOWERWORK:

REMOVE (9) ANTENNA(s) and (9) RRH(s)

INSTALL MOUNT MODIFICATIONS, (7) ANTENNA(s), (9) RRH(s), (1) OVP and (2) 6X12 HYBRIFLEX CABLES

EXISTING (1) OVP, (1) 6X12 HYBRIFLEX CABLE TO REMAIN

GROUNDWORK:

INSTALL (1) BBU, (1) NEW 48 VOLT GE PLANT, (6) 75 AMP RECTIFIER(s), (2) 75 AMP CONVERTER(s), (2) STRINGS OF SAFT TLX-180+BATTERIES UNDER THE PDF ON SHELVES, (1) UP-CONVERTER, (1) NEW OVP

REMOVE OLD BATTERIES AND PDF

EXISTING (1) BBU TO REMAIN

Verizon plans to modify the existing equipment on this tower to upgrade their current equipment to increase capacity and coverage for their customers in your area. Since we are not increasing the tower's height or expanding the current ground footprint, we believe this equipment modification is considered eligible facilities request for a minor modification under Section 6409 of the Spectrum Act of 2012.

Sincerely,
