Nick,

21 CS (OL-S) at Schriever SFB, CO approve of the modifications to the Verizon tower outside the fence on a non-interference basis to Schriever SFB mission systems.

Nick,

The modifications are the increased power and frequencies used – correct?

Good morning Fran,

I am just double-checking that you and your staff approve of the modifications that Verizon is proposing to the existing monopole near Schriever SFB. The county would like your approval in writing (replying to this email is fine).

Sincerely,

Nick Jensen
