Thank you for your email regarding the rezoning request by Meadowlake Developments, LLC (the "Developer,") seeking to rezone a 254 acre parcel near Meadowlake airport.

As a rezoning request, the pending request is what is referred to as "quasi-judicial," which means that the Board of County Commissioners is hearing the application in a process similar to a judge hearing a court case. Considering the need for the decision-makers to remain impartial prior to the hearing, I am limited in my ability to discuss the substance of the application, as doing so could result in my becoming biased or creating an appearance of impropriety, either of which would result in my being unable to vote. Here is a link to a video in which I discussed quasi-judicial land use matters in more detail: <https://vimeo.com/744759771/345616d310>.

Without getting into the merits, I am able to share information on the process and criteria:

1. The Developer presented its re-zoning request to the El Paso County Planning Commission on August 18, 2022. Their request was recommended for approval by the Planning Commission and will be heard by the Board of County Commissioners at 1:00pm on September 6th, 2022 at the Board of County Commissioners ("BoCC") Land Use Meeting held in Centennial Hall, 200 S. Cascade Ave, Colorado Springs.
3. The Developer is requesting to rezone their 254 acre parcel (Southeast of Meadowlake airport) from Planned Unit Development (PUD) to the following:
  - 31 acres: Commercial Service
  - 51.3 acres: I-2 Limited Industrial
  - 172.4 acres: I-3 Heavy Industrial

The zones at issue (PUD, Commercial Service, Limited Industrial, and Heavy Industrial) are all described in detail in Land Development Code Chapters 3 and 4 of the El Paso County Land Development Code ("LDC," linked below). There are also detailed materials that will be posted by Friday afternoon at this link: <https://www.agendasuite.org/iip/elpaso>

4. If the BoCC grants the re-zone, this does *not* provide approval for any special *use*. Any special *use* of a re-zoned property would still need to go through the planning process, be considered by the Planning Commission, and approved by the Board of County Commissioners. Criteria and details can be found in LDC Section 5.3.2.
5. If the BoCC denies the re-zone, a subsequent industrial use could only be permitted by way of a variance; criteria for variances of use can be found in LDC, Section 5.3.4.
6. If the BoCC approves an industrial use through either process (rezone followed by special use – or – variance), an administrative site development plan, issued by County Planning and Community Development would be required before issuance of a building permit.

To summarize, the BoCC is considering the re-zone request on September 6, 2022 and *not* any specific use of the property. Here is a link to the LDC for criteria and details: [https://library.municode.com/co/el\\_paso\\_county/codes/land\\_development\\_code](https://library.municode.com/co/el_paso_county/codes/land_development_code).

I would also note that all Planning Commission and BoCC Land Use meetings reserve time for public comment, at which citizens can present their concerns for the record. If you are not able to attend in person, we have options to participate virtually. County staff will also ensure that this email chain included in the BoCC's record. If you would like to provide additional input, please do so via email or

letter so they can be included in the public comment section of the master file for the project. For emails, please send them to: [dsdplanner@elpasoco.com](mailto:dsdplanner@elpasoco.com). For written letters: El Paso County Planning & Community Development, 2880 International Circle, Suite 110, Colorado Springs, CO 80910 Please include "Meadowlake Developments, LLC" in the subject line.

You may have additional questions. I have copied Kari Parsons (Planner) and Kevin Mastin (Planning Director), who may be able to assist prior to the hearing. Thank you.

Regards,

Commissioner Carrie Geitner

---

Good morning,

My name is Jennifer Schafroth and I live within 2 miles of the new proposed heavy industrial site in Falcon, just off of Curtis and Judge Orr. I unfortunately won't be able to make it to the hearing on the 6th due to work, but I do want it known that not only do I oppose it, it never should have been a consideration. We don't oppose commercial properties but we do oppose heavy industrial. This is not the place for anything of the sort. We have too many houses and school that were here first and NEVER in any plans did it include heavy industrial. We wouldn't have built out here or moved out here if that was the case. That is why we fought so hard against the concrete plant a few years ago.

Please take our children and wishes into consideration and vote against this proposal.

Thank you  
Jennifer Schafroth
