Hi I am against the rezoning from residential to industrial in Falcon off of Judge Orr Road. It would put toxic chemicals in to our air and drinking water making it unsafe to drink and unhealthy for our children. It would also harm our livestock and damage our crops. lawsuits would go into effect from the filthy toxic chemicals that would pollute our land, water and environment causing cancer and other health issues.

Thank you for your time and concern.

Rosa Boulahssas. This is an addendum to my previous email. With the address and location.
