Please accept the following comments from El Paso County Public Health (EPCPH) for the variance request referenced above:

- **Water service for the existing house is an existing individual private well.**
- **Wastewater service for existing house is an existing onsite wastewater treatment system (OWTS) permitted and approved by El Paso County Public Health (EPCPH) in 1975.**
- **All components of the OWTS (septic tank and soil treatment area) must be located and protected from compaction by vehicles and the business operation. Adequate area for replacement of the existing soil treatment area, should it be necessary, must also be protected from compaction.**
