PCD Engineering Division	Review 3 comments on the following documents will be uploaded by the project manager: -Final Drainage Report -Channel Improvements letter: Please address the review 1 comments on the channel improvement documents. The applicants response letter indicates that these documents will be updated once comments are received from USACOE. We reserve the right to make additional comments on the revised channel improvement document that will be submitted.	6/15/2021 5:54:17 PM
--------------------------	--	----------------------------

Applicant acknowledges that the channel plans will be revised on comments (or a permit) are received from USACOE. Applicant has submitted permit application to USACOE and expects that a permit to construct the channel as designed will be issued based on conversations between Bristlecone (environmental consultant for applicant) and USACOE.
