Re: Water and Sewer Service to **Solace Apartments Phase 1**
Commitment Letter No. **2020-04**

Dear Mike Bramlett,

As requested, this document will serve as a formal Letter of Commitment from the Cherokee Metropolitan District to provide municipal water and sewer services for Solace Apartments located at the northeast corner of Powers Boulevard and Galley Road. The proposed location for this development is located within the District's established boundaries and therefore is eligible for service connections from the District.

Cherokee Metropolitan District staff, along with the developer, have determined that the following will be the total water demand required by this occupancy:

Type of Use	Demand (AF/yr)
Domestic	47.0
Irrigation	14.8
Total	61.8

The domestic demand corresponds to the 234 apartment units along with a pool and clubhouse included in Phase 1. The irrigation allocation is sufficient for traditional grass landscaping for areas not covered in roads, walkways, or structures.

This water commitment is hereby made exclusively for this specific development project at this site within the District. To confirm this commitment you must provide the District with a copy of the final plat approval from El Paso County Development Services within 12 months of the date of this letter. Otherwise, the District may use this allocation for other developments requesting a water commitment. If the subject project is re-platted, you must submit a new commitment request prior to submitting the re-plat to El Paso County, which may result in a recalculation of the water demand for the project.

If I may be of further assistance please contact me at your convenience.

Sincerely,

A handwritten signature in cursive script, appearing to read "Amy Lathen", with a long horizontal line extending to the right from the end of the signature.

Amy Lathen
General Manager
