Re: Digital Signage Manufacturer's Brightness Certification
Installation site: 7440 Templeton Gap Road, Colorado Springs, CO

To Whom It May Concern:

The following information pertains to the above-referenced display, manufactured by Daktronics, Inc.

The subject display complies in all respects with El Paso County Land Development Code section 6.2.9. The display is equipped with a light-sensor (photocell) that detects ambient light levels and adjusts the display intensity automatically according to natural ambient light conditions. With the ambient light sensor operating, this intensity is factory programmed and password-protected from manipulation. This display is programmed to not exceed a nighttime brightness level of 500 nits (cd/m²).

Daktronics, Inc. is the world leader in the design and manufacture of electronic display systems. We are committed to providing LED displays that adhere to the regulatory environment, working closely with our customers for a responsible approach to the market.

Please let me know if you have any questions or concerns.

Sincerely,
DAKTRONICS, INC.

Jennifer Clites

Light Analysis for DB 10'6" x 36'

Templeton Gap Road Colorado Springs CO

Lamar Outdoor Advertising

Values expressed are specific to Daktronics product only

Date: 2/24/2020

Prepared by: Eric Johnson

- Display at 3% of Maximum Daytime Brightness
- Calculations take into account an overall height of 40'
- Any rise or fall in elevation or physical blockage is not shown in calculations

*Calculations are based on Red, Green, and Blue LEDs (White Content) powered to their maximum potential for nighttime viewing. Values are shown in footcandles (fc).
