1.0 SUMMARY OF THE PROPOSED SUBDIVISION

This document addresses the water resources for Rolling Hills Ranch Estates Filing #3, a 9.724-acre rural residential lot located in the northwest quarter of the southeast quarter and the northeast quarter of the southwest quarter of Section 18, Township 14 South, Range 63 West of the 6th Principal Meridian, County of El Paso, State of Colorado. The service area is this single lot at 525 S. Page Road to be developed for a single-family residence on the east side of Page Road. See the proposed final plat with the well location shown attached.

2.0 INFORMATION REGARDING SUFFICIENT QUANTITY OF WATER

Water Demand

The site is anticipated to use a maximum of 0.33 acre-feet per year or 298 gallons per day (gpd) for household use only (not for irrigation or other purposes) for the one single-family residence proposed for the site.

Water Available

The site is served by a well installed in 1972 under permit #54800. Sustained yield of 2.5gpm or 3600gpd is anticipated.

Groundwater Source Information

The site is located in the Upper Black Squirrel Creek Groundwater Management District and the water bearing formations in descending stratigraphic order are the Dawson, Denver, Arapahoe and Laramie Fox Hills. These four aquifers are collectively known as the Denver Basin aquifers and are found approximately at depths of 500, 1,400, 1,900 and 2,500 feet below the ground surface.

The on-site well is located in the Denver water bearing formation, is non-tributary and non-renewable. No Augmentation plans are required for this water use.

Production Wells Information

The site is served by a well installed in 1972 under permit #54800. Sustained yield of 2.5gpm or 3600gpd is anticipated.

The well consists of 4.5" plastic casing (plain from surface to 260' in depth and perforated from 260' to 325' in depth).

A copy of the well permit application, well completion report and pump test report is

attached for reference.

Surface Water Sources

No surface water sources are proposed to be utilized.

3.0 INFORMATION REGARDING SUFFICIENT DEPENDIBILITY OF WATER

Proof of Ownership

The site is owned by Debra K Osban as evidenced by the attached deed.

Financial Plan

The maintenance of the well, pump and other improvements will be funded by the property owner.

Description of Water Supply

The site is served by a well installed in 1972 under permit #54800. Sustained yield of 2.5gpm or 3600gpd is anticipated.

Calculations Demonstrating Quantity

The site is served by a well installed in 1972 under permit #54800. Sustained yield of 2.5gpm or 3600gpd is anticipated per the well completion report.

Evidence of Water System Source

N/A - The site is served by an individual well installed in 1972 under permit #54800.

Evidence of Short-Term Supply for Fire

N/A - The site is served by an individual well installed in 1972 under permit #54800.

4.0 INFORMATION REGARDING SUFFICIENT QUALITY

Proof of Ownership

The site is owned by Debra K Osban as evidenced by the attached deed.

Financial Plan

The maintenance of the well, pump and other improvements will be funded by the property owner.

A Bacti test result from El Paso County Public Health is attached for reference.

There are no known on-site or off-site sources for potential water quality degradation.

Re: Osban Final Plat EA2472 SF2423
SE ¼, SW ¼ Section 18, T14S, R63W of the 6th PM
Water Division 2, Water District 10

Dear Scott Weeks:

We have reviewed your September 27 submittal concerning the above referenced proposal to legalize Lot 8, Rolling Hills Ranch Estates Filing No. 1, a parcel of 9.72 acres with an existing well, permit no. 54800.

This submittal does not qualify as a "subdivision" as defined in section 30-28-101(10)(a), C.R.S. Therefore, pursuant to the State Engineer's March 4, 2005 and March 11, 2011 memorandums to county planning directors, this office only performed a cursory review of the referral information. The parcel is served by an existing well, which is permitted for household use only. The groundwater shall not be used for irrigation or other purposes.

Should you have any questions, please contact me at 303-866-3581.

Sincerely,

Melissa A. van der Poel, P.E.
Team 237 Supervisor
