Good morning ,

My name is Arvina Donahue and I live at 19275 Mariah Trail. I have concerns with the runoff from this development. My property is adjoining this proposed development. My pasture for my horses is South and at a lower elevation than the houses would be built on/at. Is there a pond , a ditch, something to keep the runoff from the houses from going into my pasture where the horses graze? When is rains or the snow melts in the Spring there is a considerable amount that will flow into my pasture.

Thank you,
Arvina Donahue
