Springs at Waterview, SF-18-017

Please accept the following updated comments from El Paso County Public Health (EPCPH) regarding the project referenced above:

- **Water and wastewater services will be provided by Security Water and Sanitation District. (CO0121775). There is a finding for sufficiency in terms of water quality for Security Water and Sanitation District. Letters of Intent to Serve water and wastewater services by Security Water and Sanitation District have been submitted.**
- **El Paso County Public Health encourages planned walk-ability of residential communities. Please consider appropriate connections to commercial areas through the use of sidewalks, and bike trails. Walk-ability features help reduce obesity and associated heart diseases.**
- **Earthmoving activities Earthmoving activities greater than 25 acres require a Construction Activity Permit from the Colorado Department of Public Health and Environment, Air Pollution Control Division. Go to the El Paso County Public Health site <http://www.elpasocountyhealth.org/service/air-quality> for the link to the Colorado Department of Public Health and Environment, Air Pollution Control Division, for the permit application.**
- **Radon resistant construction building techniques/practices are encouraged to be used in this area. The EPA has determined that Colorado, and the specifically the El Paso County area, have potentially higher radon levels than other areas of the country.**
