Dear Kari:

In reference to your correspondence for the Bull Hill/Rolling Meadows sketch plan file number SKP233, parcel numbers 5500000324, 5500000383, 5500000385, a request by Jason Alwine of the Matrix Design Group, Inc, described as "East Trib. JCC channel on site- CDR-23-004 Rolling Meadows Channel MDDP DR 221 Drainage Basin Closure", with the comment of up to 10,000 single family attached and detached units, school site, fire station on 1520.69 acres. Widefield School District #3 does not object to these projects, but requests further conversations about the amount of acreage owed and the number of school sites for these developments. 61.8 acres does not fulfill the acreage owed to the school district.

If you have further questions please feel free to contact me at gishd@wsd3.org 719-391-3531.

Sincerely,

A handwritten signature in purple ink that reads "David Gish". The signature is fluid and cursive, with the first name being more prominent.
