**Subject: The Villages at Sterling Ranch East PUD Development Plan and Preliminary Plan – Preliminary Comments (PUDSP-22-006)**

Hello Kari,

The Park Operations Division of the Community Services Department has reviewed The Villages at Sterling Ranch East PUD Development Plan and Preliminary Plan application and has the following preliminary comments of behalf of El Paso County Parks. This application and the following comments and recommendations will be presented to the Park Advisory Board for endorsement on August 10, 2022:

This is a Request by N.E.S., Inc. on behalf of Classic SRJ Land, LLC, for approval of The Villages at Sterling Ranch East PUD Development Plan and Preliminary Plan, which includes 246 small single-family and townhome residential lots on 39.21 acres, with a minimum lot size of 1,695 square feet. The property is currently zoned RR-5 with a concurrent rezone to Planned Unit Development (PUD) and is located east of Vollmer Road and east of Sand Creek, near the intersection of Sterling Ranch Road and the future extension of Briargate Parkway.

The 2013 and 2022 update of the El Paso County Parks Master Plan shows no parks, trails, or open space impacted by this project. The Sand Creek Regional Trail is located approximately 0.45 mile west of the property on the western banks of Sand Creek, while the proposed Briargate Parkway Bicycle Route is located immediate north and adjacent the project site along an east-west alignment. A dedicated public right-of-way already exists along the aforementioned bicycle route, so no easement requests are necessary at that location; however, the applicant is advised that multi-modal transportation options will be developed within the rights-of-way in the future.

The 2022 El Paso County Parks Master Plan includes an update to the Candidate Open Space Areas, utilizing a weighted overlay of numerous natural and man-made attributes which contribute to strong candidate open space areas. The Villages at Sterling Ranch East PUD Development Plan and Preliminary Plan falls partially within the bounds of the updated Black Forest South Candidate Open Space Area. Open space attribute values here include the Sand Creek corridor, surface water and wetland areas, floodplains, moderate wildlife impacts, and open high prairie grasslands along the southern boundary of Black Forest. The project site is located approximately 0.50 mile east of Sand Creek, its floodplains, and wetlands and will have very limited impacts on the creek corridor or surrounding open space attributes.

The current application shows 8.69 acres, or 22.2%, of open space, dedicated to public and private open space, passive use parks, internal trail corridors, landscaping tracts, and drainage infrastructure. The project plan includes an interconnected trail and sidewalk system that affords the residents easy access to the sidewalk system along Briargate

Parkway and in turn, the surrounding neighborhood, proposed school sites, neighborhood and community parks, as well as the nearby Sand Creek Regional Trail. The letter of intent states the following in regard to parks, trails, and open spaces:

- *"The Sterling Ranch East PUD Preliminary Plan No. 3 (The Villages at Sterling Ranch East) includes 8.69 acres of parks and open space which are served by an interconnected system of trails to create a recreation-oriented community. This system of parks, open spaces and trails is intended to provide a comprehensive off-street pedestrian circulation system to supplement the standard sidewalks along streets. Parks have been located so that residents have a ten-minute walk or less to these facilities. These parks and trails will be owned and maintained by the Sterling Ranch Metropolitan District."*
- *"Open space and trails are identified on the PUD Preliminary Plan and provide residents with walking and access to biking opportunities. There is 8.69 acres of open space provided in this PUD."*
- *"The project proposes interconnected sidewalks throughout the project that connect the open space tracts and the open space tracts along Marksheffel and Briargate Parkway."*

Staff is pleased the PUD Development Plan and Preliminary Plan contains a relatively large percentage of passive-use park and open space areas, however, staff encourages the applicant to plan and develop active-use amenities, which could include playgrounds, picnic tables and pavilions, and perhaps exercise areas. These types of amenities would allow for a wide variety of recreational choices to users of all age groups and abilities. Lastly, staff recommends fees in lieu of land dedication for regional and urban park purposes, to be paid upon the recording of the forthcoming final plats.

**Recommended Motion (PUD Development Plan and Preliminary Plan):**

*Recommend to the Planning Commission and the Board of County Commissioners that approval of The Villages at Sterling Ranch East PUD Development Plan and Preliminary Plan include the following conditions: (1) recommend the applicant explore a wide variety of active-use park and open space amenities to strengthen recreational opportunities for residents of all ages and abilities; (2) fees in lieu of land dedication for regional park purposes in the amount of \$113,160 and urban park purposes in the amount of \$71,340 will be required at time of the recording of the forthcoming final plat(s).*
