Subject: The Villages at Sterling Ranch East PUD Development Plan and Preliminary Plan, 4th Submittal (PUDSP-22-006)

Hello Kari,

The Park Planning Division of the Parks and Community Services Department has reviewed the 4th submittal of the Villages at Sterling Ranch East PUD Development Plan and Preliminary Plan application and has no additional comments of behalf of El Paso County Parks. The following comments regarding revised park fees and the waiver of both regional and urban park fees, due to the approval of a Regional Park Lands Agreement and the pending approval (BoCC – December 17th) Urban Park Lands Agreement, were submitted on October 9, 2024:

"Staff acknowledges the reduction in the number of single-family residential housing units from 237 to 227, with only a very slight reduction in open space. An updated Development Application Review Form is attached, and the revised regional (waived) and urban park fees (waiver pending) are also reflected in the updated Recommended Motion below. Urban park fees will be waived upon endorsement of the pending Urban Park Lands Agreement by the El Paso County Park Advisory Board and final approval by the El Paso County Board of County Commissioners.

Staff does ask that all future submittals of the PUD Development Plan and Preliminary Plan include updated Landscape Plans, as were available with the applicant's 2nd submittal in June 2024."

The following comments were originally submitted administratively on June 27, 2024:

"Staff acknowledges the reduction in the number of single-family residential housing units from 246 to 237. An updated Development Application Review Form is attached and the updated regional (waived) and urban park fees are also reflected in the updated Recommended Motion below. Staff is also aware of the reconfiguration of the open space areas and is appreciative of the applicant's desire to add useable common areas and a connected trail and sidewalk system to the community.

Since the time the original comments and recommendations (see below) were submitted in August 2022, The Villages at Sterling Ranch East has been included in the Sterling Ranch Regional Park Lands Agreement which waives Regional Park Fees in exchange for the construction of the Sand Creek Regional Trail through Sterling Ranch. As such, staff acknowledges the waiver of \$109,020 in regional park fees for The Villages at Sterling Ranch East. This has been reflected in the updated Recommended Motion below.

Urban Park Fees, however, are still applicable, as the required two-thirds of the project area does not fall within the ½mile service area for the proposed community park located in Sterling Ranch East Filing No. 1. If the applicant wishes to apply for an Urban Park Lands Agreement for the Villages at Sterling Ranch, EPC Parks invites them to do so through the standard application process, which should take place at least three months before the planned recording of the Final Plat."

This application and the following comments and recommendations were presented to and endorsed by the Park Advisory Board August 10, 2022:

"This is a Request by N.E.S., Inc. on behalf of Classic SRJ Land, LLC, for approval of The Villages at Sterling Ranch East PUD Development Plan and Preliminary Plan, which includes 246 small single-family and townhome residential lots on 39.21 acres, with a minimum lot size of 1,695 square feet. The property is currently zoned RR-5 with a concurrent rezone to Planned Unit Development (PUD) and is located east of Vollmer Road and east of Sand Creek, near the intersection of Sterling Ranch Road and the future extension of Briargate Parkway.

The 2013 and 2022 update of the El Paso County Parks Master Plan shows no parks, trails, or open space impacted by this project. The Sand Creek Regional Trail is located approximately 0.45 mile west of the property on the western banks of Sand Creek, while the proposed Briargate Parkway Bicycle Route is located immediate north and adjacent the project site along an east-west alignment. A dedicated public right-of-way already exists along the aforementioned bicycle route, so no easement requests are necessary at that location; however, the applicant is advised that multi-model transportation options will be developed within the rights-of-way in the future.

The 2022 El Paso County Parks Master Plan includes an update to the Candidate Open Space Areas, utilizing a weighted overlay of numerous natural and man-made attributes which contribute to strong candidate open space areas. The Villages at Sterling Ranch East PUD Development Plan and Preliminary Plan falls partially within the bounds of the updated Black Forest South Candidate Open Space Area. Open space attribute values here include the Sand Creek corridor, surface water and wetland areas, floodplains, moderate wildlife impacts, and open high prairie grasslands along the southern boundary of Black Forest. The project site is located approximately 0.50 mile east of Sand Creek, its floodplains, and wetlands and will have very limited impacts on the creek corridor or surrounding open space attributes.

The current application shows 8.69 acres, or 22.2%, of open space, dedicated to public and private open space, passive use parks, internal trail corridors, landscaping tracts, and drainage infrastructure. The project plan includes an interconnected trail and sidewalk system that affords the residents easy access to the sidewalk system along Briargate Parkway and in turn, the surrounding neighborhood, proposed school sites, neighborhood and community parks, as well as the nearby Sand Creek Regional Trail. The letter of intent states the following in regard to parks, trails, and open spaces:

- "The Sterling Ranch East PUD Preliminary Plan No. 3 (The Villages at Sterling Ranch East) includes 8.69 acres of parks and
 open space which are served by an interconnected system of trails to create a recreation-oriented community. This system
 of parks, open spaces and trails is intended to provide a comprehensive off-street pedestrian circulation system to
 supplement the standard sidewalks along streets. Parks have been located so that residents have a ten-minute walk or
 less to these facilities. These parks and trails will be owned and maintained by the Sterling Ranch Metropolitan District."
- "Open space and trails are identified on the PUD Preliminary Plan and provide residents with walking and access to biking opportunities. There is 8.69 acres of open space provided in this PUD."
- "The project proposes interconnected sidewalks throughout the project that connect the open space tracts and the open space tracts along Marksheffel and Briargate Parkway."

Staff is pleased the PUD Development Plan and Preliminary Plan contains a relatively large percentage of passive-use park and open space areas, however, staff encourages the applicant to plan and develop active-use amenities, which could include playgrounds, picnic tables and pavilions, and perhaps exercise areas. These types of amenities would allow for a wide variety of recreational choices to users of all age groups and abilities. Lastly, staff recommends fees in lieu of land dedication for regional and urban park purposes, to be paid upon the recording of the forthcoming final plats.

Recommended Motion (PUD Development Plan and Preliminary Plan):

UPDATED 10/09/2024: The Park Advisory Board recommends that the Planning Commission and the Board of County Commissioners include the following conditions when considering and/or approving The Villages at Sterling Ranch East PUD Development Plan and Preliminary Plan: (1) recommend the applicant explore a wide variety of active-use park and open space amenities to strengthen recreational opportunities for residents of all ages and abilities; (2) regional park fees will not be required pursuant to the existing Regional Park Lands Agreement for construction of the Sand Creek Regional Trail; (3) fees in lieu of land dedication for urban park purposes in the amount of \$65,830 will be required at time of the recording of the forthcoming Final Plat(s). An Urban Park Lands Agreement may be an acceptable alternative to urban park fees provided the agreement is approved by the County and executed prior to recording the forthcoming Final Plat(s)."

Please feel free to contact me should you have any questions or concerns.

Sincerely,

Mille

ADDITIONAL RECOMMENDATIONS

Staff Recommendation: UPDATED 10/09/2024: The Park Advisory Board recommends that the Planning Commission and the Board of County Commissioners include the following conditions when considering and/or approving The Villages at Sterling Ranch East PUD Development Plan and Preliminary Plan: (1) recommend the applicant explore a wide variety of active-use park and open space amenities to strengthen recreational opportunities for residents of all ages and abilities; (2) regional park fees will not be required pursuant to the existing Regional Park Lands Agreement for construction of the Sand Creek Regional Trail; (3) fees in lieu of land dedication for urban park purposes in the amount of \$65,830 will be required at time of the recording of the forthcoming Final Plat(s). An Urban Park Lands Agreement may be an acceptable alternative to urban park fees provided the agreement is approved by the County and executed prior to recording the forthcoming Final Plat(s).
