Colorado Springs, CO 80910

Subject: Widefield Water and Sanitation District Drinking Water Mitigation System, Traffic Control Plan

Dear Ms. Ruiz,

AECOM was retained by the United States Army Corp of Engineers to perform the design and construction of the Drinking Water Mitigation System for the Widefield Water and Sanitation District, Colorado Springs, Colorado. Please see Project Summary and Construction Drawings for additional project details. The following is the intent for the Traffic Control Plan during construction.

Traffic Control Plan

The Construction Contractor shall prepare and submit a traffic control plan for road closures and project site access to the public, in accordance with the El Paso County Engineering Criteria Manual Section 1.15.5 Traffic Control.

Sincerely,

Bill Wemmert, PE

Please coordinate with the Department of Public Works for the proposed work within the right of way to determine what will be required prior to work commencing.
