Subject: RE: AG Structure Exemption
Attachments: ADD-17-714 (6490 CONNAUGHT DR)_GARAGE SITE PLAN.PDF

Good morning Tammy,

My name is Judy Espinoza and I am the Admin Tech performing the site plan review for your approved AG structure exemption application. The submitted site plan included with your application does not depict the latest 1,132 SF garage addition to the primary structure (a copy of which is enclosed; PPRBD Permit No. L24416 issued on 11/13/2017). Please use site plan enclosure to depict the placement of your proposed 1,200 SF barn (including size dimensions, setback measurement from structure's closest point to both east and west side lot lines, rear lot line and front line line) and placement of the existing 120 SF (10x12) shed and return to my attention for review. Scale for site plan enclosure is 1"=30'-0".

Feel free to contact me should you have any questions regarding requirements for this AG structure exemption site plan review.

Thank you.

Judy Espinoza

Judy,

Any word on the status of this application? I completed my review on 5/2. The applicant has been emailing nearly weekly for an update.

Thank you,

Mindy

Hi Mindy, I still haven't heard anything. Do you know if the application was approved or do we still have some work to do? Thanks!
