Dear Ms. Ruiz:

We have reviewed your referral dated May 28, 2019 regarding the above-referenced request for approval of a subdivision final plat, to allow for the development of 23 single-family residential lots at a minimum lot size of 1.06 acres each and the development of 18.16 acres of open space, on an approximately 45.27 acre parcel. All lots within this filing will use central water and sanitation services. The State Engineer's Office previously provided comments to the Walden Preserve 2, Filing 4 final plat, by our letters dated November 1, 2018 and April 2, 2019.

The comments from our previous letter, dated April 2, 2019 (copy enclosed) regarding the water supply and detention pond still apply.

Should you or the applicant have any questions, please contact Ioana Comaniciu at (303) 866-3581 x8246.

Sincerely,

 for  
Joanna Williams, P.E.  
Water Resource Engineer
