Subject: Mayberry Filing No.4 - (SF2317)

Ryan,

The Parks and Community Services Department has reviewed Mayberry Filing No.4 Final Plat and is submitting the following preliminary comments on behalf of El Paso County Parks. This application will be presented to the Park Advisory Board on July 12, 2023 and its recommendation will be provided after the meeting.

This is a request for approval by Mayberry Communities, LLC for a preliminary plan and final plat approval of eight commercial lots. The application will be processed at the same time as a rezone from PUD to Commercial. The Property is 9.62 acres and is located on the southeast corner of State Highway 94 and the proposed Springs Road, which is west of Ellicott, Colorado. The proposed CS district and future plans to subdivide the parcels into eight (8) commercial lots allow the developer to maintain compliance with the overall Mayberry Master Plan. The commercial lots will act as a buffer between Highway 94 and proposed suburban residential areas to the east, west, and south.

The El Paso County Parks Master Plan identifies two master-planned trails adjacent to the proposed facility. The proposed Highway 94 Bicycle Route runs east and west along Highway 94. This proposed trail will not be impacted by the project because it will be accommodated within the public right-of-way. The proposed Highway 94 Primary Regional Trail also runs east and west along Highway 94. This proposed trail would be impacted by the proposed facility because its alignment is on the south side of Highway 94.

County Parks requests trail easements where development projects impact proposed County trails. As it pertains to this application, the County requests that the landowner provide a 25-foot public trail easement along the south side of Highway 94 that allows for the construction and maintenance by El Paso County of a Secondary Regional Trail, and this easement shall be shown and dedicated to El Paso County on the Final Plat. The trail easement is shown on the Filing No.4 Final Plat as "Existing 25' Trail Easement El Paso County by Plat (Filing No.2) REC. 221714698 VACATED BY THIS PLAT." The trail easement is required by the El Paso County Land Development code and shall be noted as "REMAINS" vs. "VACATED." County Parks has previously identified this error and made similar comments when reviewing Filing No. 3 in 2021 and 2022. County Parks does not have any documentation to support the vacation of the trail easement, nor has the applicant provided any justification in the application to forgo the trail easement.

No regional park fees are recommended, as the Board of County Commissioners has elected to not require park fees for commercial subdivisions.

Recommended Motion:

Recommend that the Planning Commission and the Board of County Commissioners include the following conditions when considering and/or approving the Mayberry Filing No.4 Final Plat: (1) provide a 25-foot public trail easement along the south side of Highway 94 outside of the public right-of-way that allows for the construction and maintenance by El Paso County of a

Secondary Regional Trail, and this easement shall be shown and dedicated to El Paso County on the Final Plat. (2) correct the final plat note that incorrectly states vacation of the required trail easement.

Please let me know if you have any questions or concerns.
