Hello Joseph

The city will be fine with 25 feet Curb Radii. One note on your plan, the city will ask you to remove the cross-walk along the right out access.

Thanks,

**Zaker Alazzeh, P.E.**  
*Traffic Engineering Manager/Deputy City Traffic Engineer*

Good afternoon Zaker,

I am currently working on a project on the corner of Constitution Ave and Marksheffel in which a driveway connection is proposed onto Marksheffel. We are planning to provide a right-out only exit onto Marksheffel (full access only for emergency vehicles) and the County standard requires a 40' curb radius for the connection. After discussion with the county engineers they have stated that they are okay with a smaller radius on the driveway as long as the City has approved it.

A site plan is attached for your reference. Could you take a look and let me know if you think this smaller radius would be possible? We are intending to keep the driveway as least inviting as we can from Marshffel and believe that the 40' radius may cause some confusion even though there will be signage prohibiting the turning movement.

Please give me a call if you'd like to discuss.

Thanks!
