Colorado Springs Utilities does not object to the request to allow the subject easement encroachment provided that the following acknowledgements are made:

1. The projection does not deviate from the permitted plans with respect to location and dimension.
2. The location of any Utilities owned Natural Gas service is per Colorado Springs Utilities Gas Line Extension & Service Standards (2022)
3. The projection does not extend into the Side Lot Easement more than a maximum of Eighteen (18) inches.
4. If it is necessary to relocate any existing utility facilities, then such relocation shall be at the Applicant's expense, and if required, Applicant shall grant new easements for the relocated facilities.
5. This Response is only pertinent to Colorado Springs Utilities as ONE of MANY entities that has rights to this easement. Approval by CSU does NOT represent a WHOLESAL APPROVAL for this activity as there are other public entities that retain right under the Public Utility Easement.
