Your 2023 Capital Credits Allocation is \$122.59

Capital Credits Quick Facts

In a Co-op, Every Member Gets a Piece of the Pie!

Your piece of the pie just got bigger! This year's allocation notice is listed under the "Account Information" area on your primary bill this month. This is the allocation for 2023, which is not yet scheduled for retirement, to be paid to MVEA members. Depending on how long you have been an MVEA member, you may also receive a capital credits retirement check in December.

Electric co-ops operate at cost. Any excess revenues are returned to members in the form of capital credits.

Check your November bill every year for your annual capital credits allocation.

To date, MVEA has retired over \$82 million in capital credits back to members! Read the December issue of *Colorado Country Life* magazine for an exciting capital credits retirement update.

If you have questions about your capital credits allocation or retirement, please call 800-388-9881. To learn more about the allocation and retirement of capital credits, please visit www.mvea.coop/capital-credits.
