RACEWAY MOUNTED, FRONT LIT, CHANNEL LETTER SET

Channel Letter Specifications:

Front lit, raceway mounted, aluminum fabricated, standard channel letter set having 5" black returns and 1" black trim caps, internal LED illumination, with white acrylic faces illuminated by white LED modules (see illumination specifications). Letters to be flush mounted to aluminum raceway, and raceway to be flush mounted to fascia as shown using adequate fastening anchors.

Illumination Specifications:

White LED modules, low voltage power supply, low voltage insulated wiring, UL listed and approved, service/disconnect switch on raceway.

Electrical Specifications:

Property owner and/or client is responsible at their own expense to provide a dedicated 20A circuit for the sign, and is responsible at their own expense to have a qualified licensed electrician make the final connection of the sign to the provided circuit.
Raceway Specifications:

Aluminum fabricated raceway approximately 4"D X 7"H X (length as necessary) having a 1" mounting bar across top and back. Raceway to be painted to color match building fascia using Sherwin Williams color match system.

Contoured Logo Cabinet Specifications:

3/16" white acrylic face, 1" black trim cap, 5" black return, UV resistant digital print face, white LED illumination.
