- Property map indicating other access, bordering roads and streets
- Roadway plan profile:
- Drainage Report showing impact to the County right-of-way:
- Subdivision, zoning, or development plan:
- Proposed access design.
- Parcel and ownership maps including easements-
- Traffic studies:
- Map and letters detailing utility locations before and after development in and along the right-of-way
- Proof of ownership:
- Financial Assurance Estimate
- Erosion and Stormwater Quality Control Permit
- Grading and Erosion Control Plan & Grading and Erosion Control Checklist
- Stormwater Management Plan & Stormwater Management Plan Checklist

1- It is the Permittee's responsibility to contact appropriate agencies and obtain all environmental clearances that apply — to their activities. Such clearances may include Corps of Engineers 404 Permits or Colorado Discharge Permit System permits, or ecological, archeological, historical or cultural resource clearances.

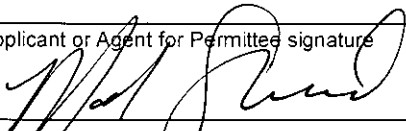

2- The Permittee is responsible for familiarizing themselves with all current accessibility criteria and specifications and ensuring the proposed plan reflects all site elements required by the United States Department of Justice. Approval of plans associated with this access permit by El Paso County does not assure compliance with the ADA or any regulations or guidelines enacted or promulgated under or with respect to such laws.

If an access permit is issued to you, it will state the terms and conditions for its use. Any changes in the use of the permitted access not consistent with the terms and conditions listed on the permit may be considered a violation of the permit.

The applicant declares under penalty of perjury in the second degree, and any other applicable state or federal laws, that all information provided on this form and submitted attachments are to the best of their knowledge true and complete.

I understand receipt of an access permit does not constitute permission to start access construction work.
