Automatic Aid Agreements:

As part of our commitment to the citizens we serve, Wescott Fire Department is proud to participate in the "North Group." The North Group is a collection of fire departments within and around El Paso County, dedicated to assisting each other and providing resources during large incidents such as wildland fires, structure fires, hazardous material incidents etc. Through this agreement, Wescott Fire Department both receives and provides responses to:

- Palmer Lake Fire Department
- Black Forest Fire/Rescue Department
- Tri-Lakes Monument Fire Department
- Falcon Fire Department
- Cimmaron Hills Fire Department

- Larkspur Fire Department
- United States Air Force Academy Fire

Agreements like these enable agencies to provide resources through automatic aid agreements, meaning that there is no need to gain approval prior to requesting help, and in many cases, assistance from neighboring departments will be dispatched automatically.

Staffing:

- Fire Chief and Assistant Chief
- Three Duty Shift Officers
- 12 Firefighters/EMTs
- 30 Volunteers
- One Admin Assistant
