Re: Resolution No. 00-45 Recorded February 7, 2001, at Reception No. 201015166 (the "Resolution"), pertaining to the Petition Zoning or Rezoning and Petition Use Subject to Special Review submitted by Cheyenne Propagation Company (the "Petitions")  
File: AL-99-035

Dear Mark:

This letter is to update the Planning Department in regard to the status of the above-referenced Resolution and to notify the Planning Department that Cheyenne Propagation Company ("CPC") is planning to remove the 220' guyed tower located at 6240 Transmitter Lane, and replace that existing tower with a new 220' self-support tower at approximately the same location.

Accordingly, CPC would like the Planning Department to approve and note for CPC's file that the tower at 6240 Transmitter Lane will be removed and that CPC will be entitled to construct a replacement tower pursuant to Paragraph 2 of the Conditions in the Resolution. The replacement tower will be constructed first so that the broadcast operations on the existing tower can continue without interruption until the replacement tower is completed and available. Please let me know if this presents any problems.

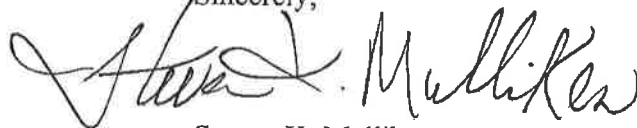

Additionally, I would appreciate it if you would send me for our files an executed copy of the enclosed duplicate of this letter acknowledging receipt of the letter. I have enclosed a self-addressed, stamped envelope for your convenience.

Thank you for your assistance. Please let me know if you have any questions or need any further information from CPC.

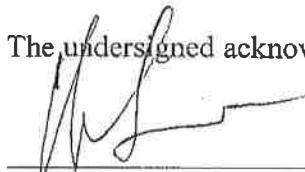

Sincerely,

Steven K. Mulliken
